

Ellenborough and Ewanrigg Infant School Victory Crescent, Maryport, Cumbria, CA15 7NE

Activity:	Opening & Operating the School – Coronavirus (Covid-19) Pandemic Risk Assessment		Location:	Whole School
Assessor:	Mark Hazzard Headteacher	Ref No.:	COVID19 Full Opening March 21 (1)	Distribution: E-Mail 05.03.2021 Staff Meeting 05.03.2021
Date:	Monday 1 st March	Proposed Review Date:	As Required	Signed: 

Individuals at Risk All employees, pupils, visitors, contractors, members of the public, the people they live with and their other close contacts, in particular, vulnerable children (as classified by DfE or LA guidance or school), vulnerable adults, anyone who is Black, Asian, Minority Ethnic (BAME), young/ inexperienced workers, new/ expectant mothers, anyone experiencing ill-health or who has pre-existing medical conditions, and first aiders/nurses/intimate care providers.

Risks COVID-19 or the novel coronavirus (Covid-19) is a new, highly infectious and serious respiratory illness that can cause death, critical illness, and other serious and potentially long-term health complications we are still learning about. The virus can be transmitted by contact with a bodily fluid containing it, most commonly saliva droplets dispersed into the air (aerosols) through talking, coughing, sneezing, and the performance of some healthcare tasks, which are then breathed in by other people nearby or the droplets land on surfaces that others touch, getting into their body when they then touch their face, especially their own mouth, nose and eyes. This may lead to anxiety and other wellbeing issues amongst staff, pupils and parents. Risks arising from lack of building/equipment maintenance particularly during periods of partial or full closure. The ability to effectively implement fire and other emergency procedures may be compromised due to reduced staff numbers for example.

All pupils, in all year groups are expected return to school from 08/03/21. The [Schools coronavirus \(COVID-19\) operational guidance](#) is intended to support schools, both mainstream and alternative provision. Independent schools are expected to follow the control measures set out in the guidance in the same way. Separate guidance is also available for [Early years and childcare providers](#) and [Special schools, special post-16 institutions and alternative provision](#). The Risk Assessment is divided into 2 distinct parts:

- **Part 1** - Staff and pupil management issues to support full opening of the school;
- **Part 2** - Premises and maintenance issues required prior to and during full opening (*although much of this will have been completed prior to full opening in September and should have been ongoing during the National Lockdown*).

Separate Risk Assessments are available for: Cleaning Schools during Coronavirus Pandemic, School Catering Operations during the Coronavirus Pandemic, Collecting/delivering food parcels to vulnerable families, LFD Testing and Home Visits during the Covid-19 pandemic.

Staff in primary schools will continue to test with LFDs twice a week at home, as per existing guidance on testing for staff in primary schools and nurseries. Primary age pupils will not be tested with LFDs.

PART 1 – STAFF AND PUPIL MANAGEMENT ISSUES TO SUPPORT FULL OPENING OF THE SCHOOL/SETTING

Hazards & Associated Risks	Risk Rating	Control Measures <small>What are we doing now?</small>	Notes/Additional Control Measures <small>What more do we need to explain/do?</small>	Residual Risk
Contact with individuals who are unwell	High	<ul style="list-style-type: none"> <input type="checkbox"/> Ensure that pupils, staff and other adults do not come into school if they have coronavirus (COVID-19) symptoms (a new continual cough, a temperature in excess of 37.8°C or a loss of, or change in their normal sense of taste or smell (anosmia)) or live in a household with someone who does or have tested positive in the last 10 days, and ensure anyone developing those symptoms during the school day is sent home (Stay at home guidance for households with possible Covid-19 infection). <input type="checkbox"/> If anyone in the school becomes unwell with coronavirus symptoms, they must be sent home and advised to follow the above Stay at home guidance, which sets out that they must self-isolate for that day and the following full 10 days and should arrange to have a test or the test date if they were asymptomatic but had a positive test (lateral flow device or polymerase chain reaction test). Other members of their household (including any siblings) should self-isolate starting from the day the individual's symptoms started (or the day their test was taken if they did not have symptoms, whether this was an LFD or PCR test), and the next 10 full days. <input type="checkbox"/> If someone in a child or staff member's support bubble or childcare bubble is showing coronavirus symptoms, or otherwise self-isolating, everyone in that support bubble should stay home. If the child/staff member or a member of their support bubble is contacted as part of the NHS Test and Trace programme, the individual contacted should stay at home. If the individual becomes symptomatic, everyone in the support bubble should then isolate. <input type="checkbox"/> If a child is awaiting collection, they will be moved, if possible, to the meeting room where they can be isolated behind a closed door, depending on the age and needs of the child, with appropriate adult supervision if required. If it is safe to do so, a window should be opened for ventilation. If it is not possible to isolate them, we will move them to an area which is at least 2 metres away from other people. <input type="checkbox"/> If they need to go to the bathroom while waiting to be collected, they should use the staff toilet. The bathroom will be cleaned and disinfected using standard cleaning products before use by anyone else. <input type="checkbox"/> If a child needs direct personal care until they can return home, a fluid-resistant surgical face mask will be worn by the supervising adult if a distance of 2m cannot be maintained. If contact with the child is necessary, then disposable gloves and a disposable apron will also be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection will also be worn. Refer to safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE) <input type="checkbox"/> In an emergency, call 999 if someone is seriously ill, injured or their life is at risk. <input type="checkbox"/> Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless the symptomatic person subsequently tests positive; they develop symptoms themselves (in which case, they should self-isolate immediately and arrange a test); they have been requested to do so by NHS Test & Trace or the PHE advice service or they have tested positive from a LFD test. 	<p>Ensure all staff and parents are made aware.</p> <p>Public Health England has good evidence that routinely taking the temperature of pupils is not recommended as this is an unreliable method for identifying coronavirus (Covid-19).</p> <p>Essential workers, which includes anyone involved in education or childcare, have priority access to testing. Refer to 'List of essential workers for priority testing'</p> <p>A small supply of fluid-resistant surgical face masks should be purchased e.g. https://www.medisave.co.uk/surgical-face-masks-type-iir-x-50.html</p> <p>Anyone with coronavirus (Covid-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital unless advised to do so.</p>	Medium

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people. Refer to COVID-19: cleaning of non-healthcare settings outside the home. <input type="checkbox"/> If a child starts displaying coronavirus symptoms while at their school or setting they must be sent home. We will contact the parent or carer who should make arrangements for the child or young person to journey home as soon as possible. They may walk or cycle if it is possible for them to do so and they are able to wear a face covering and keep a safe distance from others. They must not travel on public transport or in a taxi or private hire vehicle. In exceptional circumstances, where this is not possible, and the setting needs to take responsibility for transporting them home we will do one of the following: <ul style="list-style-type: none"> - use a vehicle with a bulkhead or partition; - the driver and passenger should maintain a distance of 2m from each other; - the driver should use PPE, and the passenger should wear a face mask if they are old enough and able to do so. 		
Poor response to an infection	High	<ul style="list-style-type: none"> <input type="checkbox"/> We will ensure all staff and parents understand the NHS Test and Trace process used to test symptomatic people (using a 'polymerase chain reaction (PCR) test'). <input type="checkbox"/> We will promote and engage in asymptomatic testing and will follow the guidance: Mass asymptomatic testing: schools and colleges, Rapid asymptomatic testing in specialist settings and Coronavirus (COVID-19) asymptomatic testing for staff in primary schools and nurseries. <input type="checkbox"/> We will ensure that staff and parents/carers understand that they will need to: <ul style="list-style-type: none"> - book a test if they or their child are displaying symptoms (or order via Tel No. 119); - self-isolate immediately and not come to school if they develop symptoms, have been in close contact (within the previous 48 hours) with someone who tests positive for Covid-19, anyone in their household or support or childcare bubble develops coronavirus (Covid-19) symptoms, they are required to do so having recently travelled from certain other countries or have been advised by NHS test and trace or the PHE local health team, which is a legal obligation; - provide details of anyone they have been in close contact with if they were to test positive for coronavirus (Covid-19) or if asked by NHS Test & Trace. <input type="checkbox"/> We will assist the Test and Trace service by keeping a temporary record of staff shift patterns for 21 days and assist NHS Test and Trace with requests for that data if needed. Refer to Maintaining records to support NHS Test & Trace. <input type="checkbox"/> We will ask parents and staff to inform us immediately of the results of a test and follow this guidance: <ul style="list-style-type: none"> - if a child or member of staff tests negative, then they should stay at home until they are recovered as usual from their illness but can safely return thereafter. Other members of their household can stop self-isolating. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 full days from the day after that contact, or if other members of their household are symptomatic. - if a child or member of staff with symptoms tests positive, they should follow the 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) 	<p>Cumbrian Schools: Telephone the Cumbria Covid-19 Call Centre if we have a positive case of coronavirus in school (staff or pupils). Do NOT give this Tel No. to parents/non-staff. Any queries about a suspected case to be emailed to: EducationIPC@cumbria.gov.uk (inbox monitored by CCC Public Health team Monday to Friday). Refer also to CCC Public Health COVID-19 flowchart for suspected or confirmed cases in schools</p> <p>Report confirmed cases of COVID-19 through the online attendance form daily return and also continue to inform the LA of any confirmed cases (How to complete the educational setting status form).</p> <p>If any individual with symptoms is believed to have contracted the Covid-19 virus 'whilst at work', the relevant information must be reported to the HSE under RIDDOR legislation.</p> <p>In the sad event of the death of a worker in children's services from coronavirus (COVID-19) follow: Actions for employers and providers following a coronavirus (COVID-19) related death of a carer or colleague across children's services</p>	Medium

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>infection' and must continue to self-isolate for at least from the day of onset of their symptoms and for the following 10 full days and then return to school only if they do not have a temperature (a cough or anosmia can last for several weeks once the infection has gone). The period of isolation starts from the day they became symptomatic and the following 10 full days. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should all self-isolate starting from the day the individual's symptoms started and the next 10 full days.</p> <ul style="list-style-type: none"> - If a child or member of staff is not experiencing symptoms but has tested positive for Covid-19, they must self-isolate starting from the day the test was taken and the next 10 full days. If symptoms develop during this isolation period, then they must restart the 10 day isolation from the day after symptoms developed. Others in the household must self-isolate for 10 days from the from the day after contact with the individual who tested positive. <ul style="list-style-type: none"> <input type="checkbox"/> At this stage, all those who have been in close contact (within the previous 48 hours) with the pupil or member of staff in their group or bubble will be asked to self-isolate for 10 days from the day after contact with the individual who tested positive. <input type="checkbox"/> If a further child who is self-isolating develops symptoms, they should be tested for Covid-19. If this result is positive, they will begin the 10 day isolation from the day they became ill. All those in the second child's household will need to self-isolate for 10 days from the day after the onset of the symptoms. If the result is negative, the second child will continue with their 10 day isolation period as a result of being in contact with the first child. <input type="checkbox"/> In the majority of cases, school and parents will be in agreement that a child with symptoms should not attend school, given the potential risk to others. In the event that a parent or guardian insists on a child attending school, school can take the decision to refuse the child if in our reasonable judgement it is necessary to protect our pupils and staff from possible infection with Covid-19). Any such decision will be carefully considered in light of all the circumstances and the current public health advice. <p>Polymerase Chain Reaction (PCR) tests contingency supply</p> <ul style="list-style-type: none"> <input type="checkbox"/> Separate to the asymptomatic testing regime, all schools have been provided with a small number of home testing PCR kits. Kits are suitable for people of all ages. Kits should not be given directly to children - only to adults over the age of 18 or a child's parent or carer. Parents and carers will be required to administer the test to those under 11. <input type="checkbox"/> Full instructions on how to administer the test and what to do next are provided within each kit. Schools will not be expected to administer testing, and testing should not take place on site (with the exception of residential settings). <input type="checkbox"/> As with students, we may consider offering kits to members of staff who become symptomatic on site if we do not think that they will be able to access testing by the usual routes. <input type="checkbox"/> Any additional kits allocated and provided in this way should be used in line with test kits for schools at our discretion to minimise the impact of the virus on the education of our pupils. This includes ensuring access to testing for symptomatic staff who are vital to the running of our education setting. 	<p>Cumbrian Schools: <i>Identifying siblings in other schools</i> - <i>As bubbles close, and members of the same family are affected, albeit attending different schools, this can pose a challenge for Head teachers where intelligence about incidents in siblings' schools are not known about. To that end, the LA will share a summary of schools affected through our CASH or PHA representative, so we can have access to the most recent, live data in relation to incidents locally.</i></p> <p>Refer to Test kits for schools</p> <p>PCR test kits should only be offered in the exceptional circumstance an individual becomes symptomatic and you believe they may have barriers to accessing testing elsewhere.</p> <p>Our approach to this app can be found in the Covid-19 Addendum to the Online Safety Policy which makes clear that use of the NHS Covid-19 app is a limited exception to our normal policy on mobile phones being off and Bluetooth being disabled. For further guidance see Use of the NHS COVID-19 app in schools and FE colleges</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>NHS Test and Trace App</p> <ul style="list-style-type: none"> <input type="checkbox"/> The national NHS Test and Trace App is now available. All staff/volunteers and students aged 16 and over will be encouraged to download the app to their smartphones (available on the Google Play Store and Apple App Store). <input type="checkbox"/> The app will be used alongside traditional contact tracing to notify users if they come into contact with someone who later tests positive for coronavirus. <input type="checkbox"/> The app complements, rather than replaces, existing processes. <input type="checkbox"/> Refer also to 'Lettings' below. 		
There is a confirmed case of coronavirus amongst the school community	High	<ul style="list-style-type: none"> <input type="checkbox"/> We will take swift action when we become aware that someone who has attended has tested positive for coronavirus (Covid-19) having developed symptoms and taken a PRC test outside of school. <input type="checkbox"/> The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate. <input type="checkbox"/> The health protection team will work with us in this situation to guide us through the actions we need to take. Based on the advice from the health protection team, we must send home those people who have been in close contact with the person who has tested positive. 'A contact' is a person who has been close to someone who has tested positive for coronavirus (COVID-19) with a Polymerase Chain Reaction (PCR) test. You can be a contact anytime from 2 days before the person who tested positive developed their symptoms, and up to 10 days after, as this is when they can pass the infection on to others. <input type="checkbox"/> A close contact includes: <ul style="list-style-type: none"> - anyone who lives in the same household as someone with COVID-19 symptoms or who has tested positive Covid-19; - anyone who has had any of the following types of contact with someone who has tested positive for Covid-19 with a PCR or LFD test: <ul style="list-style-type: none"> • face-to-face contact including being coughed on or having a face-to-face conversation within 1m, skin-to-skin physical contact for any length of time; • been within 1m for 1 minute or longer without face-to-face contact; • sexual contacts; • been within 2m of someone for more than 15 minutes (either as a one-off contact or added up together over 1 day); • travelled in the same vehicle or a plane. <input type="checkbox"/> The health protection team will provide definitive advice on who must be sent home. To support them, we will keep a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups. This will be a proportionate recording process - we do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome. <input type="checkbox"/> A template letter will be provided to us, on the advice of the health protection team, to send to parents and staff if needed. We will not share the names or details of people with coronavirus (Covid-19) with anyone except the public health authority for public health reasons e.g. to trace contacts and protect against the serious threat to public health. <input type="checkbox"/> Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently 	<p>We will ensure our privacy notices for both parents/pupils and staff are updated accordingly.</p>	Medium

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>develops symptoms. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within the 10-days from the day after contact with the individual who tested positive they should follow ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’. They should get a test, and:</p> <ul style="list-style-type: none"> - if the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period. This is because they could still develop the coronavirus (Covid-19) within the remaining days; - if the test result is positive, they should inform school immediately, and must isolate from the day of onset of their symptoms and at least the following 10 full days (which could mean the self-isolation ends before or after the original 10-day isolation period). Their household should self-isolate starting from when the symptomatic person first had symptoms and the next 10 full days, following stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection. <ul style="list-style-type: none"> <input type="checkbox"/> We will not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation. <input type="checkbox"/> The asymptomatic testing programme in secondary schools initially included offering those who came into close contact with a positive case in secondary schools and colleges the option of 7 days of daily contact testing (with self-isolation if a subsequent test was positive) as an alternative to self-isolation. PHE and NHS Test and Trace have now reviewed their initial advice and have concluded that changes in the virus warrant further evaluation work and that daily contact testing in place of self-isolation has been paused until this evaluation has taken place. <input type="checkbox"/> Some school staff who are employed or self-employed, on a low income, unable to work from home and losing income as a result may be eligible for a one-off Test and Trace Support Payment of £500, payable as a lump sum from the LA. <input type="checkbox"/> We will notify Ofsted within 14 days of any confirmed cases of coronavirus (Covid-19) in the early years setting (either child or staff member) and if the setting is advised by Public Health to close as a result. This should be done online via tell Ofsted if you have a Covid-19 related incident. 	<p>The DHSC has launched the Self-Isolation Service Hub, Tel: 020 3743 6715 (7 days a week, 8am to 8pm), allowing schools to provide contact details of those individuals who have been asked to self-isolate and are likely to be eligible for the Test and Trace Support Payment or discretionary payment.</p>	
Poor containment of an outbreak by not following local health protection team advice	High	<ul style="list-style-type: none"> <input type="checkbox"/> If we have 2 or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (Covid-19) is suspected, we may have an outbreak, and will continue to work with the local health protection team who will advise if additional action is required. <input type="checkbox"/> In some cases, health protection teams may recommend that a larger number of other pupils self-isolate at home as a precautionary measure – perhaps the whole site or year group. If we implement the controls from this risk assessment, whole school closure based on cases within the school will not generally be necessary and should not be considered except on the advice of health protection teams. 		Low
Clinically vulnerable or extremely clinically vulnerable persons returning to school	High	<p>Pupils <i>Pupils who are clinically extremely vulnerable (CEV)</i></p> <p>There will be far fewer children who are classed as clinically extremely vulnerable and the majority of pupils have returned to school. However:</p> <ul style="list-style-type: none"> <input type="checkbox"/> The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice. They are advised not to attend school or wrap around care/out of school settings while shielding advice applies nationally. 	<p>Refer to RCPC COVID-19 - 'shielding' guidance for children and young people</p> <p>Where children do not attend school as parents are following clinical &/or public health advice</p>	Medium

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p><input type="checkbox"/> Where a pupil is unable to attend school because they are complying with clinical and/or public health advice, we will be able to immediately offer them access to remote education and we will monitor engagement with this activity.</p> <p>Pupils who are clinically vulnerable</p> <p><input type="checkbox"/> All 16 to 18 year olds with underlying health conditions which put them at higher risk of serious disease and mortality will be offered a vaccine in priority group 6 of the vaccination programme. At present, these children should continue to shield, and self-isolate if they have symptoms or are identified as a close contact of a positive case, even if they have been vaccinated.</p> <p><input type="checkbox"/> Children who live with those who are clinically vulnerable can attend school and out of school settings.</p> <p>Immunisation</p> <p><input type="checkbox"/> As normal, we will engage with our local immunisation providers to provide immunisation programmes on site, ensuring these will be delivered in keeping with the school's control measures.</p> <p>School workforce</p> <p><input type="checkbox"/> The expectation is that those staff not attending school who are still able to work should do so from home where possible. Some roles, such as some administrative roles, may be conducive to home working, and we will consider what is feasible and appropriate.</p> <p><input type="checkbox"/> We will explain to staff the measures the school is putting in place to reduce risks and discuss any changes. We anticipate adherence to the measures in this Risk Assessment will provide the necessary reassurance for staff to return to schools.</p> <p><input type="checkbox"/> We will discuss any concerns individuals including those who may be clinically vulnerable, clinically extremely vulnerable or at increased comparative risk from coronavirus, may have around their particular circumstances, reassure staff about the protective measures in place and carry out a specific Individual Risk Assessment with them.</p> <p>Staff who are extremely clinically vulnerable</p> <p><input type="checkbox"/> Clinically extremely vulnerable staff are advised not to attend the workplace.</p> <p><input type="checkbox"/> We will talk to these individuals about how they will be supported, including to work from home where possible. We will continue to pay clinically extremely vulnerable staff on their usual terms.</p> <p><input type="checkbox"/> People who live with those who are clinically extremely vulnerable can attend the workplace where home-working is not possible and should ensure they maintain good prevention practice in the workplace and home settings.</p> <p>Staff who are clinically vulnerable</p> <p><input type="checkbox"/> Staff who are clinically vulnerable or have underlying health conditions but are not clinically extremely vulnerable, may return or continue to attend school. While in school they should follow the specific measures in this Risk Assessment to minimise the risks of transmission.</p> <p><input type="checkbox"/> This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing. This provides that ideally, adults should maintain 2m distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. Adults should continue to take care to socially distance from other adults including older children/adolescents.</p>	<p>(self-isolation, family isolation, quarantine or the clinically extremely vulnerable during a future lockdown), absence will not be penalised (record as Code 'X') – see Recording attendance in relation to Covid-19.</p> <p>During the week commencing 08/03/21, use code 'Y' for secondary age pupils not attending school for lessons during this week due to the asymptomatic testing programme.</p> <p>Where necessary, we will provide equipment for people to work at home safely and effectively, e.g. remote access to work systems and provide guidance on how to work safely at home – refer to the ACAS Home Working Guide, ACAS Example checklist for setting up homeworking and the HSE: protect home workers</p> <p>Refer to Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Ensure suitable hand washing facilities are available including running water, liquid soap and paper towels or hand driers. <input type="checkbox"/> Where in place, toilet lids should be closed prior to flushing and remain closed after use. Where not in place, staff and children will be instructed to move away from the toilet as soon as it has been flushed, more frequent cleaning of the toilets and most importantly, ensuring that strict hand hygiene measures are observed following every visit to the toilet. <input type="checkbox"/> If the site allows it, we will allocate different groups their own toilet blocks. Toilets will be cleaned regularly and pupils encouraged to clean their hands thoroughly after using the toilet. <input type="checkbox"/> The 'catch it, bin it, kill it' approach will continue. Everyone will be reminded to sneeze into a tissue or sleeve NEVER into hands and to wash hands immediately after (as above). 'Catch it, bin it, kill it' posters to be displayed in relevant areas. <input type="checkbox"/> Used tissues will be put in a bin immediately - all waste bins to be lined (they do NOT need to be double lined) and should be lidded and foot operated where possible and emptied regularly. <input type="checkbox"/> As with hand cleaning, we will ensure younger children and those with complex needs are helped to get this right, and all pupils understand that this is now part of how school operates. <input type="checkbox"/> Some pupils with complex needs will struggle to maintain as good respiratory hygiene as their peers, e.g. those who spit uncontrollably or use saliva as a sensory stimulant. This will be considered in risk assessments in order to support these pupils and the staff working with them and is not a reason to deny these pupils face to face education. <input type="checkbox"/> Where it is necessary for first aid to be administered in close proximity, treating any casualty properly should be the first concern. Those administering it should pay particular attention to sanitation measures immediately afterwards, including washing hands. 	<p>complex needs understand the need to follow them.</p> <p>We will ensure there are enough tissues and bins available to support pupils and staff to follow the 'Catch it, bin it, kill it' routine</p> <p>The e-Bug coronavirus (COVID-19) website contains free resources for schools, including materials to encourage good hand and respiratory hygiene</p> <p>Refer to HSE: First aid during Covid-19</p>	
Inadequate personal protection & PPE & spread of Covid-19 virus	High	<p>PPE</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will review tasks in school which require PPE like first aid, intimate care, cleaning, food preparation etc. and identify where we need extra equipment (like visors where splashing to the eyes is a new significant risk) or more of it (because we change it more often) and we used Covid-19: Personal Protective Equipment (PPE) to help us decide. Where PPE is required, staff will be trained in and must scrupulously follow the guidance how to put PPE on and take it off safely to reduce cross and self-contamination. <input type="checkbox"/> The majority of staff will not require PPE beyond what they would normally need for their work. PPE is only needed in a very small number of cases, including: <ul style="list-style-type: none"> - where an individual child or young person becomes ill with coronavirus (COVID-19) symptoms while at school, and only then if a distance of 2m cannot be maintained - where a child or young person already has routine intimate care needs that involve the use of PPE, in which case the same PPE should continue to be used – disposable apron and disposable gloves. <input type="checkbox"/> When changing children, and where the child can understand, ask the child to turn their head to the side during the changing process. A displayed poster which the children can describe may assist with this. <input type="checkbox"/> For further information on the use of PPE for supervising a child who has become unwell see section on 'Contact with individuals who are unwell' - page 2 above. <input type="checkbox"/> Staff dealing with children with complex medical needs have an increased risk of transmission through aerosols being transferred from the child to the care giver. Staff performing tracheostomy care and other similar procedures will follow the Public Health advice and refer 	<p>Ensure adequate bins (lidded and foot operated where possible) and tissues are made available. Ensure school has a stock of rubber gloves and if needed, disposable gloves/aprons/facemasks.</p> <p>Signage as appropriate.</p> <p>Further advice on dealing with AGPs is available in the KAHSC Addendum to the First</p>	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>to the DfE guidance Safe working in education, childcare and children’s social care settings, including the use of personal protective equipment (PPE) which specifically covers Aerosol generating procedures (AGPs), and wear the correct PPE which is:</p> <ul style="list-style-type: none"> - a FFP2/3 respirator (which must be fit-tested) - gloves - a long-sleeved fluid repellent gown - eye protection <p><input type="checkbox"/> If non-symptomatic children present behaviours which may increase the risk of droplet transmission (such as spitting), they will continue to receive care in the same way, including any existing routine use of PPE.</p> <p>Face Coverings</p> <p><input type="checkbox"/> Face visors or shields should not be worn as an alternative to face coverings. They may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission when used without an additional face covering. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.</p> <p><input type="checkbox"/> We will have a process for removing face coverings when those who use face coverings arrive and when face coverings are worn within the setting. This process will be communicated clearly to pupils and staff and allow for adjustments to be made for those children and young people with SEND who may be distressed if required to remove a face covering against their wishes.</p> <p><input type="checkbox"/> It is vital that that face coverings are worn correctly so clear instructions will be provided to staff, and where appropriate, children and young people on how to put on, remove, store and dispose of face coverings (Face coverings: when to wear one and how to make your own) in all of the circumstances above, to avoid inadvertently increasing the risks of transmission.</p> <ul style="list-style-type: none"> - cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them between use; - instructed not to touch the front of their face covering during use or when removing it and they must dispose of temporary face coverings in a ‘black bag’ waste bin (not recycling bin) or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom/workplace; - where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully. <p><input type="checkbox"/> Staff, and where appropriate, children should have access to their own face coverings, however, where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, we will take steps to have a small contingency supply available to meet such needs.</p> <p><input type="checkbox"/> Staff and pupils will be encouraged to bring a spare face covering to wear if their face covering becomes damp during the day.</p> <p><input type="checkbox"/> It is mandatory to wear a face covering if you need to use public transport or when attending a hospital as a visitor or outpatient. <i>Note: children aged 3 to 10 years are exempt from the mandatory requirement to wear a face covering on public transport. However, this is considered to be best practice where the child understands how to wear a mask properly.</i></p>	<p>Aid Procedures/Supporting Pupils with Medical Conditions Policy</p> <p>Refer to HSE Face Fit Testing Guidance</p> <p>Refer to: Face coverings in Education</p> <p>Some individuals are exempt from wearing face coverings e.g. people who cannot put on, wear or remove a face covering because of a physical or mental illness or impairment, or disability, or if you are speaking to or providing assistance to someone who relies on lip reading, clear sound or facial expression to communicate. The same exemptions will apply in education settings, and we would expect teachers and other staff to be sensitive to those needs. Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can be worn</p> <p>Posters in corridors and communal areas may be useful.</p> <p>Ensure there is a small supply of face coverings available in school.</p> <p>Also mandatory to wear face coverings in enclosed public spaces along with indoor transport hubs, taxis & private hire vehicles (see exemptions)</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Responsible adults or carers travelling with children on public transport must follow this guidance, wear face coverings, minimise the surfaces they touch and maintain their distance from others, where possible. <input type="checkbox"/> Children under the age of 3 should not wear face coverings. <input type="checkbox"/> Refer also to ‘Measures for arriving at and leaving school’ and ‘Transport’ below. <input type="checkbox"/> In primary schools, face coverings should be worn by staff and adult visitors in situations where social distancing is not possible between adults e.g. when moving around in corridors and communal areas. <input type="checkbox"/> Children in early years settings and primary schools do not need to wear a face covering. 		
Failure to adequately identify vulnerable pupils/ safeguarding	High	<ul style="list-style-type: none"> <input type="checkbox"/> We will continue to have regard to statutory guidance Keeping Children Safe in Education. <input type="checkbox"/> We will review/update our child protection policy and addendum (led by the DSL) to reflect the return of more pupils and that some may require remote education due to self-isolation for example. <input type="checkbox"/> There is no change to local multi-agency safeguarding arrangements, which remain the responsibility of the three safeguarding partners (local authorities, clinical commissioning groups and chief officers of police). All local safeguarding partners will remain vigilant and responsive to all safeguarding threats and ensure vulnerable children and young people are safe – particularly as some children and young people will be learning remotely due to self-isolation for example. <input type="checkbox"/> In particular, vulnerable children and those with a social worker are expected to attend provision (subject to public health advice), given their safeguarding and welfare needs. Where vulnerable children do not attend, we will follow up with the parent/carers, working with the LA/social worker (where applicable) to explore the reasons for absence, discussing their concerns; focus discussions on the welfare of the child ensuring they are able to access appropriate support whilst at home; keep the situation under review and maintain contact. <input type="checkbox"/> We will take the opportunity to contact all parents to confirm correct emergency numbers and ask for additional emergency contacts where these are available. <input type="checkbox"/> The DSL (and deputies) will be provided with more time to help provide support to staff and children regarding any new safeguarding and welfare concerns and the handling of referrals to children’s social care and other agencies where these are appropriate. <input type="checkbox"/> The DSL will be best placed to co-ordinate multi-agency working within a school, including communication with school nurses. <p>Elective Home Education (EHE)</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will encourage parents to send their children to school, particularly those who are vulnerable. EHE does not automatically put children at greater risk of harm. We will consider whether a parent’s decision to educate at home gives greater cause for concern compared to remaining in school. <input type="checkbox"/> If we feel there is additional cause for concern, we will follow our own Child Protection policy and refer this to the DSL who will then consider making a referral to the LA in line with existing procedures. This will happen as soon as we become aware of a parent’s intention, or decision, to home educate. <input type="checkbox"/> Alerting LAs as soon as possible where needed helps them to check if a child is receiving statutory social care services and notify any relevant social worker to work with the home education team to carry out any further checks or assessments that may be needed. We are 	The school has an addendum to the Child Protection Policy, which can be found separately.	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>expected to support social workers and other agencies following any referrals. We are already aware which children have a social worker assigned to them or their immediate family.</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will work with LAs and, where possible, coordinate meetings with parents to seek to ensure EHE is being provided in the best interests of the child. <input type="checkbox"/> We will direct parents to the advice on understanding what EHE is. We are not required to provide any support to parents that have withdrawn their child for EHE. Support provided by LAs is discretionary, including support for a child's special educational needs. <input type="checkbox"/> If a parent wants us to admit their child, we will follow our normal processes for in-year admissions applications or put them in touch with the LA admissions team to discuss how to apply for a school place for their child. 		
Inappropriate arrangements for opening the school to pupil groups	High	<p>Minimise contact across the site and maintain social distancing wherever possible</p> <ul style="list-style-type: none"> <input type="checkbox"/> Reduce the number of contacts between children and staff. <input type="checkbox"/> Maintain consistent groups or 'bubbles' that do not mix with other bubbles and maintain distance between individuals. These are not alternative options and both measures will help, but the balance between them will change depending on the: <ul style="list-style-type: none"> - pupil's ability to distance - layout of the building - feasibility of keeping distinct groups separate while offering a broad curriculum. <input type="checkbox"/> Younger pupils and those with complex needs may not be able to maintain social distancing and it is acceptable for them not to distance within their group. <input type="checkbox"/> We will ensure: <ul style="list-style-type: none"> - the cleaning and use of shared spaces, such as playgrounds, boarding houses, dining halls and toilets; - the provision of specialist teaching and therapies. <input type="checkbox"/> We will try to implement 'bubbles' of an appropriate size to achieve the greatest reduction in contact and mixing ensuring this will not affect the quality and breadth of teaching or access for support and specialist staff and therapists. <input type="checkbox"/> Whatever the size of the group, they will be kept apart from other groups where possible and we will encourage pupils to keep their distance within groups. <input type="checkbox"/> We will try to limit interaction, sharing of rooms and social spaces between groups as much as possible. <input type="checkbox"/> We will keep pupils in their class groups for most of the classroom time, but also allow mixing in wider groups for specialist teaching, wraparound care, transport and boarding pupils who may be in one group residentially and another during the school day. Siblings may also be in different groups. <input type="checkbox"/> All teachers and other staff can operate across different classes and year groups to facilitate the delivery of the timetable and specialist provision. Where staff need to move between groups, they will try and keep their distance from pupils and other staff as much as they can, ideally 2m from other adults and try to minimise the number of interactions or changes wherever possible. <p>Measures within the classroom</p> <ul style="list-style-type: none"> <input type="checkbox"/> There is no need for class sizes to be adjusted from the usual size. 	<p>Individuals displaying symptoms of Covid-19 should follow the government guidance COVID-19: guidance for households with possible coronavirus infection</p> <p>Provide ongoing health and safety information not only to staff through induction, training and regular updates/reminders but also for children and young people and parents/carers where applicable. Induction checklist/staff handbook or code of conduct to be updated in line with Covid-19 risk assessment and information for parents displayed on the school website. The GOV.UK: Staying Covid-19 Secure Poster to be displayed. Consideration must be given to ensuring our plans are communicated to those parents who have English as an additional language and parents of vulnerable children including young carers.</p> <p>Parents will be reminded of the complaints Policy which currently sets out how low level concerns will be resolved.</p> <p>Both the approaches of separating groups and maintaining distance are not 'all or nothing' options and will still bring benefits, even if partially implemented.</p>	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Staff must maintain distance from pupils, staying at the front of the class, and away from colleagues where possible. Ideally, adults should maintain 2m distance from each other, and from children, although this will not always be possible with younger children, but if adults can do this when circumstances allow that will help. <input type="checkbox"/> Avoid close face to face contact and minimise time spent within 1m of anyone. This will not be possible when working with pupils who have complex needs or who need close contact care. These pupils' educational and care support should be provided as normal. <input type="checkbox"/> Children old enough, will be supported to maintain distance and not touch staff and their peers where possible. This will not be possible for the youngest children and some children with complex needs. <input type="checkbox"/> When staff or children cannot maintain distancing, particularly with younger children in primary schools, we will reduce risks by keeping pupils in the smaller, class-sized groups described above. <input type="checkbox"/> We will endeavour to make small adaptations to the classroom to support distancing where possible e.g. seating pupils side by side and facing forwards, rather than face to face or side on, and moving unnecessary furniture out of classrooms to make more space. <input type="checkbox"/> Spaces used will be well ventilated using natural ventilation where possible. Maximise ventilation by opening windows and propping open doors (bearing in mind safeguarding in particular). <input type="checkbox"/> Doors may be held open to avoid them being touched by those coming and going from the classroom. This will also aid ventilation. This is only permitted where the room is occupied and doors must be closed once the group has left the room. At the end of the day, all doors to all rooms must be closed for fire purposes. <input type="checkbox"/> Wherever possible pupils will use the same classroom or area of a setting throughout the day, with a thorough cleaning of the rooms prior to the start of the next day. Consideration will be given to seating the pupils at the same desk each day where possible. <input type="checkbox"/> Pupils and staff will be asked to bring in their own water bottles. Staff may fill their bottles from the staffroom (observing social distancing) and must clean areas touched after each use. Pupils may use taps in the classroom which will be disinfected after use by each cohort. <input type="checkbox"/> We will take steps to limit the use of single-use plastic water bottles. <input type="checkbox"/> We will risk assess activities that involve malleable materials for messy play such as sand, mud and water, as part of our regular curriculum planning. The risk assessment will consider whether: <ul style="list-style-type: none"> - materials can be handled by a small, consistent group of children of no more than 15 at a time, and that no one else outside this group can come into contact with it; - the malleable material for messy play (e.g. sand/water/mud) can be used and cleaned - including being replaced - in accordance with the manufacturer's instructions, where applicable. - children will wash their hands thoroughly before and after messy play - frequently touched surfaces, equipment, tools and resources for messy play will be thoroughly cleaned and dried before they are used by a different group. <input type="checkbox"/> In order to facilitate cleaning, remove unnecessary items from learning environments where there is space to store them elsewhere. Public health advice is to remove all soft toys, and any toys that are hard to clean, such as those with intricate parts. Where practicable, remove soft furnishings, for example pillows, bean bags and rugs. 	<p>Refer to the HSE: Ventilation and air conditioning during the coronavirus (COVID-19) pandemic and CIBSE coronavirus (COVID-19) advice</p> <p>Refer to the managing risk in play provision implementation guide</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Dressing up clothing and other fabric items can be used if used intermittently – every 2 days – to reduce the risk of cross contamination or reserved for one class/group. <input type="checkbox"/> Where possible (weather permitting) children will make use of outdoor spaces and outdoor equipment. Only one group at a time may use play equipment externally. Again equipment will be kept to a minimum and disinfected with spray after use by each cohort or reserved for one class/group. <input type="checkbox"/> Where possible, external doors from classrooms will be used to access outside areas thus reducing the need to use internal areas. <input type="checkbox"/> Wooden equipment will be cleaned and used intermittently between bubbles (i.e. 48 hours between different group use). <input type="checkbox"/> Computers and iPads can be used by pupils. It is best for children to have an allocated device. Where this is not possible, disinfection of workstations, keyboard and mouse after each class/bubble use will be necessary. Communal headphones will be sanitised and rotated on a weekly basis. <input type="checkbox"/> Practical lessons can go ahead if equipment can be cleaned thoroughly and the classroom or other learning environment is occupied by the same children in one day, or properly cleaned between bubbles – see also ‘Curriculum’ below. <p>Measures for break and lunchtimes</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will stagger pupil break and lunch times (and time for cleaning surfaces in the dining hall between groups). Where dining halls are used, social distancing will be considered and no mixing of groups must take place. <input type="checkbox"/> Lunches will be ordered in advance (by staff and pupils). Alternatively, pupils may bring their own packed lunch. <input type="checkbox"/> The playground will be used by only one bubble at a time. <input type="checkbox"/> Shared staff spaces will be set up to help staff to distance from each other. Use of staff rooms will be minimised, although staff must still have a break of a reasonable length during the day – staff breaks may need to be staggered. <input type="checkbox"/> Use safe outdoor areas for staff breaks. <input type="checkbox"/> Reconfigure seating and tables in staff room/staff common areas to maintain spacing and reduce face-to-face interactions. <input type="checkbox"/> Encourage staff to remain on-site at lunch time and, when not possible, maintaining social distancing while off-site & wearing face coverings in enclosed public spaces. <input type="checkbox"/> We will continue to provide meal options for all pupils who are in school. Meals will be available free of charge to all infant pupils and pupils who are eligible for benefits-related free school meals who are in school. Meals served should meet the school food standards, and where possible a hot meal should be available. <input type="checkbox"/> We will also continue to provide free school meal support to pupils who are eligible for benefits related free school meals and who are learning from home during term time. We have the freedom to decide on the best approach for our pupils and have a range of options which include lunch parcels, locally arranged vouchers or the DfE national voucher scheme - Providing school meals during the coronavirus (COVID-19) outbreak. <p>Measures elsewhere</p> <ul style="list-style-type: none"> <input type="checkbox"/> Groups will be kept apart – we will avoid large gatherings such as assemblies or collective worship with more than one group. <input type="checkbox"/> Music and singing – see ‘Curriculum’ below. 		

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> When timetabling, groups will be kept apart and movement around the school site kept to a minimum. While passing briefly in the corridor or playground is low risk, we will avoid creating busy corridors, entrances and exits. <input type="checkbox"/> To reduce movement around the building, wherever possible, groups/classes will remain in the same classroom(s) as much as possible with teachers moving between classes rather than pupils. <input type="checkbox"/> Floor marking tape may also be used where queues may develop. <input type="checkbox"/> Lockers be used but not shared unless by pupils in the same group. <input type="checkbox"/> Normal shielding will be used for office staff – where this is not in place, an area will be marked over which any visitors will be informed not to cross. <input type="checkbox"/> Maintain social distancing between people who work in one place such as office or reception staff. <input type="checkbox"/> Office staff to work in separate offices where possible. <input type="checkbox"/> Desks/workstations should allow staff to maintain social distancing wherever possible. <input type="checkbox"/> Keep distance between individuals when speaking or sharing a room, regularly wash hands and sanitise surfaces when the individual leaves including telephones, keyboards/mice etc. <input type="checkbox"/> Staff to observe social distancing when using communal equipment such as photocopiers – keypads etc. on copying machines to be wiped with anti-viral wipes after each use (pupils NOT to use copiers). <input type="checkbox"/> Plan work to minimise contact between staff and avoid skin-to-skin and face-to-face contact. Where possible, staff working together (such as site teams for example) should work side by side or facing away from each other as opposed to face to face. Where face-to-face contact is essential, this must be kept to a minimum. Consideration will be given to wearing face coverings in this situation. <input type="checkbox"/> As much as possible, keep groups of staff working together in teams that are as small as possible (cohorting). <input type="checkbox"/> Where staff are required to sign in/out, wipe the screen and place wipe in pedal bin provided. <input type="checkbox"/> Reduce transmission through contact with objects that come into school such as post and deliveries and limit those accepting and putting away deliveries. <input type="checkbox"/> Implement cleaning procedures for goods and merchandise entering the site. <input type="checkbox"/> Encourage increased handwashing and introducing more handwashing facilities for staff handling goods and merchandise or providing hand sanitiser where this is not practical. <input type="checkbox"/> Restrict non-business deliveries, e.g. personal deliveries to workers. <input type="checkbox"/> Revise pick-up and drop-off collection points, procedures, signage and markings. <input type="checkbox"/> Consider methods to reduce frequency of deliveries, e.g. by ordering larger quantities less often. <input type="checkbox"/> Minimise contact during payments and exchange of documentation, for example, by using electronic payment methods and electronically signed and exchanged documents. <input type="checkbox"/> Take steps to avoid people needing to unduly raise their voices to each other. This includes, but is not limited to, refraining from playing music or broadcasts that may encourage shouting, including if played at a volume that makes normal conversation difficult. <p>Measures for arriving at and leaving school</p> <ul style="list-style-type: none"> <input type="checkbox"/> Under no circumstances must anyone displaying symptoms of Covid-19 attempt to enter the school site. This information will be included in the letter to parents, suppliers and contractors 	<p>For 'catering activities and school meal provision including support for pupils who have to stay at home/food parcels, refer to the separate risk assessments.</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>prior to the school opening. Notice to be displayed on the main school entrance door. All parents will be asked to confirm this when dropping off their child.</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will encourage parents and pupils to walk or cycle to school where possible. <input type="checkbox"/> We will consider staggering starts or adjusting start and finish times to keep groups apart as they arrive and leave (without reducing the amount of overall teaching time). This may include condensing or staggering break (whilst retaining the same amount teaching time) or keeping the length of the day the same but starting and finishing later to avoid busy periods. We will keep parents/carers informed of their allotted start/finish time. <input type="checkbox"/> Check details of who is eligible to drop off/collect children – they may be different. <input type="checkbox"/> Parents will be advised that only one parent should bring the child/ren to school where children cannot attend unaccompanied. Parents of unaccompanied children will be informed of the entrance their child must use. <input type="checkbox"/> Parents will be informed and, if necessary, regularly reminded that they must maintain social distancing from the next adult or child at all times when bringing their child to or collecting them from school. We will inform parents of the processes we have in place for drop-off and collection, and in particular, will not allow gathering at the school gates. <input type="checkbox"/> Where possible, we will consider separate entrance/exit gates or one-way systems. <input type="checkbox"/> Parents will be asked to leave the site immediately after dropping off children. Parents may only enter the site with agreement by the Senior Leadership Team and appointments must be made prior to the visit. Parents may, however, telephone the school at any time should they have any concerns or issues of which the school need to be informed. <input type="checkbox"/> At the end of the allotted session, parents may collect their children from the same entrance area where they will be supervised by staff. <input type="checkbox"/> Where possible, once the cohort of pupils has arrived, they will enter the school via an external door straight into the class where they will be based for the session. <input type="checkbox"/> Used PPE and any disposable face coverings that staff or children arrive wearing will be placed in a refuse bag and disposed of as normal domestic waste unless the wearer has symptoms of Covid-19 in which case it will be disposed of in accordance with the guidance on cleaning in non-healthcare settings outside of the home. Any non-disposable washable cloth face coverings that staff or children are wearing when they arrive at school must be removed by the wearer and placed into a plastic bag that the wearer has brought with them in order to take it home. The wearer must then wash their hands. Staff, children and parents will be so instructed. <p>Transport</p> <p><u>Wider public transport</u></p> <ul style="list-style-type: none"> <input type="checkbox"/> The use of public transport, particularly in peak times, should be kept to a minimum. <input type="checkbox"/> We will work with partners to consider staggered start times to enable more journeys to take place outside of peak hours where possible. <input type="checkbox"/> We will encourage parents, staff and pupils to walk or cycle to school if at all possible. Driving children to school will also be an option. Refer to Coronavirus (COVID-19): safer travel guidance for passengers <input type="checkbox"/> If it is necessary for a childminder to pick-up or drop-off a child at school, or when taking children on a trip, walking is preferable. If this is not practicable, then a private vehicle for single household use is preferable. 	<p>Children, young people and their families will need to understand who is required to wear face coverings on home-to-school transport unless exempt</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Pupils using public transport unaccompanied will be reminded that all passengers must wear a face covering. Children aged 3 to 10 years are exempt from the mandatory requirement to wear a face covering on public transport. <i>However, this is considered to be best practice where the child understands how to wear a mask properly.</i> <input type="checkbox"/> Car sharing should be avoided with those outside the household or support bubble unless the journey undertaken is for an exempt reason e.g. if car sharing is reasonably necessary as part of work. (see Safer travel guidance in private cars and other vehicles). Additional mitigations can be put in place if car sharing is necessary. <input type="checkbox"/> Ensure that a clear message is given to pupils about their general socialising behaviour beyond the school gates i.e. not congregating in large groups etc. <p>Other considerations</p> <ul style="list-style-type: none"> <input type="checkbox"/> Pupils with SEND will receive specific help with the changes to routine they are experiencing, so teachers and SENCo's will plan to meet these needs, e.g. using social stories. <input type="checkbox"/> Along with the LA and health partners (where applicable), we will work with families to co-produce arrangements for delivering all therapies and support that would normally be in place for children with EHC plans. There may be times when it becomes more difficult to do so than usual, particularly if children and young people are isolating. Decisions will be considered on a case-by-case basis which takes account of the needs of, and circumstances specific to, the child or young person, avoiding a 'one size fits all' approach. The statutory duties and timescales remain in place for EHC needs assessments and reviews. At all times it is important that these continue to ensure that the child or young person, and their parent and carer, is at the centre of the process and can engage with the process in a meaningful way. <input type="checkbox"/> Where children and young people with an EHC plan are in receipt of health provision, we will work collaboratively with the LA, health professionals, regional schools' commissioners and other services to agree appropriate support in view of the latest and current local public health guidance. Therapists and other professionals may continue to visit education settings to provide therapies and support, where this is reasonably necessary. <input type="checkbox"/> Supply teachers, peripatetic teachers and/or other temporary staff along with specialists, therapists, clinicians and other support staff for pupils with SEND, can move between schools. They should ensure they minimise contact and maintain as much distance as possible from other staff. They should also participate in schools' rapid testing programmes where these have been established. Specialists, therapists, clinicians and other support staff for pupils with SEND should provide interventions as usual. <input type="checkbox"/> Where a child routinely attends more than one setting on a part time basis, e.g. because they are dual registered at a mainstream school and an alternative provision setting or special school, we will work through the system of controls to the fullest extent collaboratively, enabling us to address any risks identified and allowing us to jointly deliver a broad and balanced curriculum for the child. <input type="checkbox"/> For individual and very frequently used equipment, such as pencils and pens, staff and pupils should have their own items that are not shared. <input type="checkbox"/> Classroom based resources, such as books and games, can be used and shared within the bubble; these will be cleaned regularly, along with all frequently touched surfaces. <input type="checkbox"/> Resources that are shared between classes or bubbles, such as sports, art and science equipment will be cleaned frequently and meticulously and always between bubbles or rotated 	<p>Refer also to GOV UK Transport to school and other places of education: 2020 to 2021 academic year</p> <p>Face coverings are mandatory in taxis and private hire vehicles along with retail and hospitality venues within transport hubs unless exempt</p> <p>Refer to supporting pupils and students with SEND</p> <p>DfE Supporting Pupils at School with Medical Conditions remains in place</p> <p>Refer to COVID-19 Guidance for Supply Agencies, Head teachers and Supply Staff</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles.</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will assess the ability to clean equipment used in the delivery of therapies, e.g. physiotherapy equipment or sensory equipment and determine whether this equipment can withstand cleaning and disinfecting between each use before it is put back into general use. Where cleaning or disinfecting is not possible or practical, resources will have to be either restricted to one user or left unused for a period of 48 hours (72 hours for plastics) between use by different individuals. <input type="checkbox"/> Outdoor playground equipment will be more frequently cleaned. <input type="checkbox"/> Pupils should still limit the amount of equipment they bring into school each day to essentials such as lunch boxes, hats, coats, books, etc. Bags are allowed. <input type="checkbox"/> Pupils and teachers can take books and other shared resources home, although unnecessary sharing will be avoided. Similar rules on hand cleaning, cleaning of the resources and rotation will apply to these resources. <p>Cleaning throughout the day – non-healthcare settings where no-one has symptoms of, or confirmed Covid-19</p> <ul style="list-style-type: none"> <input type="checkbox"/> See additional Risk Assessment on Cleaning throughout the day. <p>Wraparound care provision, holiday clubs and extra-curricular activity including out-of-school sports provision</p> <ul style="list-style-type: none"> <input type="checkbox"/> From 08/03/21, we will work to resume all our before and after-school educational activities and wraparound childcare for our pupils. We will offer indoor and outdoor face-to-face provision to: <ul style="list-style-type: none"> - vulnerable children; - other children, where the provision is: <ul style="list-style-type: none"> • reasonably necessary to enable their parents and carers to work, search for work, undertake education or training, or attend a medical appointment or address a medical need, or attend a support group • being used by electively home educating parents as part of their existing arrangements for their child to receive a suitable full-time education • being used as part of their efforts to obtain a regulated qualification, meet the entry requirements for an education institution, or to undertake exams and assessments <input type="checkbox"/> From 29/03/21, in line with the COVID-19 Response - Spring 2021 out-of-school settings and wraparound providers will be able to offer: <ul style="list-style-type: none"> - outdoor provision to all children, without restrictions on the purpose for which they may attend; - indoor provision to: <ul style="list-style-type: none"> • vulnerable children and young people; • children on free school meals, where they are attending as part of the DfE's holiday activities and food programme. - other children, where the provision is: 		
			The owners of these shared spaces must continue to meet all existing health and safety obligations with regard to ensuring that their premises are safe for providers to hire and to operate from	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> • reasonably necessary to enable their parents and carers to work, search for work, undertake education or training, or attend a medical appointment or address a medical need, or attend a support group • being used by electively home educating parents as part of their existing arrangements for their child to receive a suitable full-time education • being used as part of their efforts to obtain a regulated qualification, meet the entry requirements for an education institution, or to undertake exams and assessments <ul style="list-style-type: none"> <input type="checkbox"/> From 12/04/21 at the earliest (which will be confirmed as part of step 2 of the COVID-19 Response - Spring 2021) we should be able to offer provision as normal to all children. <input type="checkbox"/> Our provision will ensure they are following the same protective measures being taken by school during the day and work with school to follow our arrangements, such as keeping children in the same bubbles that they are in during the school day as far as possible. If it is not possible to maintain bubbles being used during the school day then will use small, consistent groups of no more than 15 children and at least one member of staff, with the same children each time they attend. We will try to keep siblings together to minimise household mixing. We will also work closely with any external wraparound/out-of-school providers. <input type="checkbox"/> Toilets will be cleaned thoroughly using detergent and bleach. The frequency of cleaning required will depend on usage, however we expect toilet facilities to be cleaned at least twice a day, and in between use by different groups. <input type="checkbox"/> We will advise parents to limit their use of multiple out-of-school settings providers they access, as far as possible; encourage them to seek assurance that the providers are carefully considering their own protective measures and send them the link to the guidance for parents and carers. <input type="checkbox"/> Children will be encouraged to attend settings close to where they live or go to school. This should, ideally, be within walking or cycling distance. <input type="checkbox"/> We will ensure we have enough staff available to meet the required ratios for our setting including at least one person with first aid training, at least one person with up-to-date DSL training (and a deputy DSL to cover if the DSL is unavailable). <input type="checkbox"/> We are able to work with external coaches, clubs and organisations for curricular and extra-curricular activities where we are satisfied that it is safe to do so. We will consider carefully how such arrangements can operate within our wider protective measures. <input type="checkbox"/> In out of school settings, particular care will be taken to observe social distancing in the case of a sports setting because of the way in which people breathe more heavily and more rapidly during exercise. <input type="checkbox"/> Outdoor sports will be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible), distancing between pupils and paying scrupulous attention to cleaning and hygiene. External facilities can also be used in line with government guidance for the use of, and travel to and from, those facilities. <input type="checkbox"/> For team sports we must only consider those sports whose national governing bodies have developed guidance under the principles of the government’s guidance on team sport and been approved by the government i.e. Coronavirus (COVID-19): grassroots sports guidance for safe provision including team sport, contact combat sport and organised sport events. Competition between different schools should not take place. <input type="checkbox"/> We will follow the same protective measures as listed under ‘Music, Dance and Drama’ for these out-of-school activities. 	<p>Refer also to Sport England, Youth Sport Trust and AfPE COVID-19: Interpreting the Government Guidance in a PESSPA Context</p> <p>The Government are encouraging all schools to maintain their usual uniform policies</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<input type="checkbox"/> Refer also to ‘Lettings’ below. School uniform <input type="checkbox"/> It is for the governing body or trust to make decisions regarding school uniform. <input type="checkbox"/> Uniforms do not need to be cleaned any more often than usual, nor do they need to be cleaned using methods which are different from normal. <input type="checkbox"/> Increased ventilation may make school buildings cooler than usual over the winter months. While we will want to maintain the benefits of our uniform, we may need to consider allowing additional, suitable indoor items of clothing to be worn during the winter period in addition to the school’s current uniform. Where this occurs, we will ensure that no extra financial pressure is placed on parents.		
Inappropriate arrangements for managing the curriculum	High	General including Catch-up Support <input type="checkbox"/> All pupils – particularly disadvantaged, SEND and vulnerable pupils must be given the support needed to make good progress. The key principles that underpin curriculum planning are: <ul style="list-style-type: none"> - education is not optional: all pupils receive a high-quality education that promotes their development and prepares them for the opportunities, responsibilities and experiences of later life; - the curriculum remains broad and ambitious: all pupils continue to be taught a wide range of subjects, maintaining their choices for further study and employment. - remote education, where needed, is high quality and aligns as closely as possible with in-school <input type="checkbox"/> Informed by these principles, we will meet the following key curriculum expectations: <ul style="list-style-type: none"> - teach an ambitious and broad curriculum in all subjects; - consider it appropriate to suspend some subjects for some pupils in exceptional circumstances. <input type="checkbox"/> The Catch-up Package also includes a National Tutoring Programme to provide additional, targeted support for those children and young people who need the most help. The National Tutoring Programme will continue to offer tuition as normal and we will continue to sign up and engage with the programme. <input type="checkbox"/> For pupils in Reception, disapplications of specific EYFS requirements can be used where coronavirus (COVID-19) restrictions prevent settings delivering the EYFS in full. <input type="checkbox"/> We will consider focusing more on the prime areas of learning in the EYFS, including communication and language, personal, social and emotional development, and physical development, if we think this would support our children following time out due to coronavirus (COVID-19). For pupils in Reception, teachers will also assess and address gaps in language, early reading and mathematics, particularly ensuring children’s acquisition of phonic knowledge and extending their vocabulary. For Reception, we will consider how all groups of children can be given equal opportunities for outdoor education. <input type="checkbox"/> In EYFS, we will continue to consider what strategies they are using to keep children safe online during this period, including: <ul style="list-style-type: none"> - checking apps, websites and search results before using them with children; - supervising children when accessing the internet. <input type="checkbox"/> Consideration will need to be given to the learning needs and objectives of children with SEND, to ensure, for example, that they receive appropriate preparation for adulthood.	<p>Refer to the Schools coronavirus (COVID-19) operational guidance for further details</p> <p>Refer to EEF support guide for schools and school planning guide: 2020 to 2021. Additional funding will be available to secondary schools to deliver face-to-face summer schools</p> <p>Refer to Safeguarding children and protecting professionals in early years settings: online safety guidance for practitioners (also relevant for parents and carers).</p>	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p><input type="checkbox"/> We will develop remote education so that it is integrated into school curriculum planning.</p> <p><input type="checkbox"/> In our regular communications with parents we will continue to emphasise and promote online safety for those pupils who are not attending the school.</p> <p>Physical Education, School Sport and Physical Activity (PESSPA)</p> <p><input type="checkbox"/> We have the flexibility to decide how PESSPA will be provided whilst following the measures in our system of controls although contact sports should not take place.</p> <p><input type="checkbox"/> Pupils will be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided.</p> <p><input type="checkbox"/> We can hold PE lessons indoors, including those that involve activities related to team sports, e.g. practising specific techniques within our own system of controls. However, outdoor sports will be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible), distancing between pupils and paying scrupulous attention to cleaning and hygiene. External facilities can also be used in line with government guidance for the use of, and travel to and from, those facilities.</p> <p><input type="checkbox"/> For team sports we will only consider those sports whose national governing bodies have developed guidance under the principles of the government’s guidance on team sport and been approved by the government i.e. Coronavirus (COVID-19): grassroots sports guidance for safe provision including team sport, contact combat sport and organised sport events. Competition between different schools should not take place until wider grassroots sport for under 18s is permitted.</p> <p><input type="checkbox"/> We are able to work with external coaches, clubs and organisations for curricular and extra-curricular activities where we are satisfied that this is safe to do so. We will consider carefully how such arrangements can operate within our wider protective measures. Refer to ‘Wraparound</p> <p><input type="checkbox"/> Activities such as active miles, making break times and lessons active and encouraging active travel help enable pupils to be physically active while encouraging physical distancing.</p> <p>Use of external premises</p> <p><input type="checkbox"/> Some premises are only permitted to open for certain exempt activities. The National lockdown: Stay at Home guidance) provides a list of businesses and venues which must close, and those that can open for certain purposes, including registered childcare and supervised activities for children or, where applicable, for education or training.</p> <p><input type="checkbox"/> Where we use these facilities as part of our normal provision, we will negotiate appropriate access with the facility concerned.</p> <p>Science, Art and D&T</p> <p>For guidance regarding Science and D&T in relation to returning to school and running practical activities, we will refer to the relevant CLEAPSS guidance. Although specific risk assessments will not be required, our existing curricular risk assessments will be reviewed and where necessary updated to reflect altered practices and CLEAPSS Guidance.</p> <p>Music, Dance and Drama</p>	<p>Refer to:</p> <ul style="list-style-type: none"> • Coronavirus (COVID-19): grassroots sports guidance for safe provision including team sport, contact combat sport and organised sport events • Working safely during coronavirus (COVID-19): Providers of grassroots sport and sport facilities • Sport England for grassroot sport • Youth Sport Trust • AfPE COVID-19: Interpreting the Government Guidance in a PESSPA Context and ‘frequently asked questions’ for PE staff. • Swim England – for guidance on school swimming • Guidance on using changing rooms and showers safely <p>Primary Schools (CLEAPSS): P110, P104, P112 & CLEAPSS Explore Issue 9</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> We will continue teaching music, dance and drama as part of the school curriculum. There may, however, be an additional risk of infection in environments where singing, chanting, playing wind or brass instruments, dance and drama takes place. <input type="checkbox"/> EYFS: The following guidance relates to organised group activity, not to spontaneous singing, dance and role-play that young children may naturally do, and should be encouraged to do, by early years practitioners. <input type="checkbox"/> Singing, wind and brass instrument playing can be undertaken in line with Working safely during coronavirus (COVID-19) for performing arts. <input type="checkbox"/> We will do everything possible to minimise contacts, mixing and reduce the number of contacts between pupils/students and staff, including for rehearsal and performance, by keeping groups separate (in bubbles) and through maintaining the social distance between individuals. If staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2m from other adults. <input type="checkbox"/> We take particular care in music, dance and drama lessons to observe social distancing where possible. This may limit group activity in these subjects in terms of numbers in each group. It will also prevent physical correction by teachers and contact between pupils in dance and drama. <input type="checkbox"/> Additionally, we will keep any background or accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly. If possible, we will use microphones to reduce the need for shouting or prolonged periods of loud speaking or singing. If possible, we will not share microphones. If they are shared, we will follow the guidance on handling equipment. <p>Performances</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will NOT host performances with an audience but will consider alternatives such as live streaming and recording performances, subject to the usual safeguarding considerations and parental permission. <p>Music teaching including singing</p> <ul style="list-style-type: none"> <input type="checkbox"/> Playing woodwind and brass instruments is not yet part of the curriculum. <input type="checkbox"/> Singing should not take place in larger groups such as choirs and ensembles, or assemblies unless significant space, natural airflow (at least 10l/s/person for all present, including audiences) and strict social distancing and mitigation can be maintained. <input type="checkbox"/> Singing in groups should take place outdoors wherever possible. If indoors, we will limit the numbers in relation to the space. <input type="checkbox"/> If indoors, we will use a room with as much space as possible, e.g. larger rooms; rooms with high ceilings. If singing indoors, we will limit the numbers to account for ventilation of the space and the ability to social distance and ensure good ventilation. <input type="checkbox"/> In the smaller groups where these activities can take place, we will observe strict social distancing between singers, and any other people such as conductors, other musicians, or accompanists. If the activity is face-to-face and without mitigating actions, 2m is appropriate. Pupils will use seating where practical to help maintain social distancing. <input type="checkbox"/> Pupils should be positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. <input type="checkbox"/> Use microphones where possible or encourage singing quietly. 	<p>Refer to COVID-19: suggested principles of safer singing</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>Handling equipment and instruments</p> <ul style="list-style-type: none"> <input type="checkbox"/> Increase handwashing before and after handling equipment, especially if being used by more than one person. <input type="checkbox"/> Avoid sharing equipment wherever possible. Place name labels on equipment to help identify the designated user, e.g. percussionists' own sticks and mallets. <input type="checkbox"/> If instruments and equipment have to be shared, disinfect regularly (including any packing cases, handles, props, chairs, microphones and music stands) and always between users. <input type="checkbox"/> Instruments should be cleaned by the pupils playing them, where possible. <input type="checkbox"/> Limit handling of music scores, parts and scripts to the individual using them. <input type="checkbox"/> Instruments are not currently hired. <input type="checkbox"/> Equipment and instruments should be stored in a clean location if we take delivery of them before they are needed, and they should be cleaned before first use and before returning the instrument. <input type="checkbox"/> Pick up and drop off collection points should be created where possible, rather than passing equipment such as props, scripts, scores and microphones hand-to-hand. <p>Individual lessons and performance in groups</p> <ul style="list-style-type: none"> <input type="checkbox"/> Individual lessons in music, dance and drama can continue in schools and organisations providing out of school childcare. This may mean teachers interacting with pupils from multiple groups, so we will need to take particular care, in line with the measures set out above on peripatetic teachers. <input type="checkbox"/> If there is no viable alternative, music lessons in private homes can resume, following the same guidelines, and additionally following the government guidance for working in homes and the guidance for out-of-school provision. <input type="checkbox"/> In individual lessons for music, dance and drama, social distancing should be maintained wherever possible, meaning teachers should not provide physical correction. <p>Commercial Training Environments</p> <ul style="list-style-type: none"> <input type="checkbox"/> Where our setting operates commercial training environments such as hairdressing, barbering and beauty salons, sports and fitness facilities or restaurants, we will comply with relevant sector guidance in Working safely during coronavirus (Covid-19) and the stay-at-home guidance (and the COVID-19 Response - Spring 2021). <p>Exams, Tests and Assessments</p> <ul style="list-style-type: none"> <input type="checkbox"/> The Government announced that it is no longer viable for some vocational and technical qualifications (VTQs) to go ahead in February and March. Exams and assessments for VTQs that require a student to demonstrate professional or occupational competence can continue to proceed in February and March, with protective measures in place in line with PHE measures. <input type="checkbox"/> Primary assessments cannot continue as intended and the statutory KS1 and KS2 tests and teacher assessments planned for summer 2021, including the KS2 tests in reading and mathematics are cancelled. <input type="checkbox"/> We will continue to use assessment during the summer term to inform teaching, to enable us to give information to parents on their child's attainment in our annual report and to support transition to secondary school, using past test papers if we wish. 	<p>Refer to Responsibility for Exams , DfE Support Service and Public health guidance to support exams</p> <p>The DfE is planning for a full programme of primary assessments to take place in the 2021/22 academic year</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
Inadequate contingency plans remote education	High	<p><input type="checkbox"/> Schools affected by the Remote Education Temporary Continuity Direction are still required to provide remote education to pupils covered by the direction where their attendance would be contrary to government guidance or legislation around coronavirus (COVID-19). This includes, for example, where such guidance means that a class, group or small number of pupils need to self-isolate or that clinically extremely vulnerable children are to shield. All such pupils not physically unwell should have access to remote education as soon as reasonably practicable, which may be the next school day.</p> <p><input type="checkbox"/> For individuals or groups of self-isolating pupils and pupils who are shielding following government guidance related to coronavirus (COVID-19), remote education plans are in place.</p> <p><input type="checkbox"/> We will continue to operate as normally as possible. In the event that restrictions in schools are needed to help contain the spread of the virus, we may be asked to revise our delivery models for a short period of time.</p> <p>Remote education expectations</p> <p><input type="checkbox"/> Remote education should be equivalent in length to the core teaching pupils would receive in school. This will include both recorded or live direct teaching time and time for pupils to complete tasks and assignments independently, and will be as a minimum:</p> <ul style="list-style-type: none"> ▪ KS1: 3 hours a day, on average, across the school cohort, with less for younger children; <p><input type="checkbox"/> Staff should use existing resources to help promote progress online, in order to support any issues in workload.</p> <p><input type="checkbox"/> In developing remote education, we will:</p> <ul style="list-style-type: none"> - teach a planned and well-sequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practiced in each subject so that pupils can progress through the school's curriculum; - select a digital platform for remote education provision that will be used consistently across the school in order to allow interaction, assessment and feedback and make sure staff are trained and confident in its use. If we do not have an education platform in place, we can access free support at Get help with technology for remote education during coronavirus (Covid-19); - overcome barriers to digital access for pupils by: <ul style="list-style-type: none"> ▪ distributing school-owned laptops accompanied by a user agreement or contract; ▪ providing printed resources, such as textbooks and workbooks, to structure learning, supplemented with other forms of communication to keep pupils on track or answer questions about work. - have systems for checking, daily, whether pupils are engaging with their work, and work with families to rapidly identify effective solutions where engagement is a concern; - identify a named senior leader with overarching responsibility for the quality and delivery of remote education, including that provision meets expectations for remote education. <p><input type="checkbox"/> When teaching pupils remotely, we will:</p> <ul style="list-style-type: none"> - set meaningful and ambitious work each day in a number of different subjects; - consider how to transfer into remote education what we already know about effective teaching in the live classroom by, for example: 	<p>Any decision that there should be local restrictions in any childcare or education settings will be made by central government on a case-by-case basis</p> <p>The Contingency framework: education and childcare settings has been updated and outlines how schools should operate in the event of any restrictions</p> <p>Refer to Remote education during Coronavirus (Covid-19), Resources to support schools in delivering remote education, Adapting teaching practice for remote education, review your remote education provision and Get help with technology for remote education during coronavirus (Covid-19)</p>	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> ▪ providing frequent, clear explanations of new content, delivered by a teacher or through high-quality curriculum resources; ▪ providing opportunities for interactivity, including questioning, eliciting and reflective discussion; ▪ providing scaffolded practice and opportunities to apply new knowledge; ▪ enabling pupils to receive timely and frequent feedback on how to progress, using digitally-facilitated or whole-class feedback where appropriate; ▪ using assessment to ensure teaching is responsive to pupils' needs and addresses any critical gaps in pupils' knowledge; ▪ avoiding an over-reliance on long-term projects or internet research activities. <p><input type="checkbox"/> We will consider the above in relation to the pupils' age, stage of development and/or special educational needs, e.g. where this would place significant demands on parent's help or support.</p> <p><input type="checkbox"/> Younger children in KS1 or Reception often require high levels of parental involvement to support their engagement with remote education, which makes digital provision a particular challenge for this age group. Digital means will not therefore be solely used to teach these pupils remotely.</p> <p><input type="checkbox"/> We have published information for pupils, parents and carers about our remote education provision on our website.</p> <p><input type="checkbox"/> Schools and families can request free mobile data increases for students without broadband and/or who can't afford extra data for their device during lockdown. Three, Smarty, Virgin Mobile, EE, Tesco Mobile, O2, Vodafone and Sky Mobile are all taking part in the scheme. Refer to data increase initiative for children.</p> <p><input type="checkbox"/> If speaking to families whose children are struggling to access online learning because they don't have a device at home, a quick fix is available to those with PlayStation or Xbox game consoles. All recent PlayStations and Xbox games consoles have just about everything required to act like a computer: an internet connection, ports for connecting keyboards and mice, and even web browsers. We will share this with families as appropriate. Full instructions can be found on the TES website: how to use Xbox or PlayStation for online learning.</p> <p>Special educational needs</p> <p><input type="checkbox"/> We will recognise that some pupils with SEND may not be able to access remote education without adult support, so we will work collaboratively with families, putting in place reasonable adjustments as necessary, so that pupils with SEND can successfully access remote education alongside their peers and we can deliver an ambitious curriculum appropriate for their level of need.</p> <p><input type="checkbox"/> Teachers are best-placed to know how the pupil's needs can be most effectively met to ensure they continue to make progress.</p> <p>Vulnerable children</p> <p><input type="checkbox"/> Where individuals who are self-isolating are within the definition of vulnerable, it is important that we put systems in place to keep in contact with them, offer pastoral support and check they are able to access education support.</p>	<p>Remote Education Support including delivering remote education safely can be accessed at:</p> <ul style="list-style-type: none"> • DfE: Remote education good practice guide, Adapting teaching practice for remote education, Get help with remote education, Support for parents and carers to keep children safe online, Guidance on staying safe online and Remote education webinars • SWGfL: Safe remote learning and live remote lessons • LGfL: Online safety and safeguarding • The National Cyber Security Centre: which video conference service is right for you and using video conferencing services securely • Safeguarding and remote education during coronavirus (COVID-19) • Annex C of keeping children safe in education • PSHE Association: Checklist for choosing safe PSHE education/RSHE home learning resources <p>Direct parents of EYFS children to:</p> <ul style="list-style-type: none"> • Hungry little minds campaign • BBC: tiny happy people • National Literacy Trust's Family Zone • Help children aged 2 to 4 to learn at home during coronavirus (COVID-19) <p>The requirement for schools to use their best endeavours to secure the special educational provision called for by the pupils' special educational needs remains in place. Refer to supporting pupils and students with SEND</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> When a vulnerable child is asked to self-isolate, we will notify their social worker (if they have one). We will then agree with the social worker the best way to maintain contact and offer support to the vulnerable child or young person. <input type="checkbox"/> We will also have in place procedures to check if a vulnerable child is able to access remote education support, to support them to access it (as far as possible) and to regularly check if they are doing so. 		
Poor or inappropriate behaviour and attendance	High	<p>Behaviour</p> <ul style="list-style-type: none"> <input type="checkbox"/> Our Behaviour policy will be updated with any new rules/policies and will be communicated clearly and consistently to staff, pupils and parents, setting clear, reasonable and proportionate expectations of pupil behaviour both in school and online. We will set out clearly at the earliest opportunity the consequences for poor behaviour and deliberately breaking the rules and how we will enforce those rules including any sanctions. <input type="checkbox"/> We will work with staff, pupils and parents to ensure that behaviour expectations are clearly understood, and consistently supported, taking account of individual needs and we will also consider how to build new expectations into our rewards system. <input type="checkbox"/> It is likely that adverse experiences and/or lack of routines of regular attendance and classroom discipline may contribute to disengagement with education upon return to school, resulting in increased incidence of poor behaviour. We will work with those pupils who may struggle to reengage in school and are at risk of being absent and/or persistently disruptive, including providing support for overcoming barriers to attendance and behaviour and to help them reintegrate back into school life. <input type="checkbox"/> Some pupils will return to school having been exposed to a range of adversity and trauma including bereavement, anxiety and in some cases increased welfare and safeguarding risks. This may lead to an increase in social, emotional and mental health concerns and some children, particularly vulnerable groups such as children with a social worker, previously looked-after children who left care through adoption or special guardianship and young carers, will need additional support and access to services such as educational psychologists, social workers, and counsellors. Additionally, provision for children who have SEND may have been disrupted during partial school closure and there may be an impact on their behaviour. We will work with local services (such as health and the LA) to ensure the services and support are in place for a smooth return to schools for pupils. <input type="checkbox"/> The disciplinary powers that schools currently have, including suspension and expulsion, remain in place. Expulsion will only be used as a last resort and must be lawful, reasonable and fair. <input type="checkbox"/> Where a child with a social worker is at risk of expulsion, their social worker will be informed and involved in relevant conversations. <input type="checkbox"/> We will, as far as possible, avoid permanently excluding any pupil with an EHC plan, or a looked-after child. Where a looked-after child is at risk of suspension or expulsion, the designated teacher should contact the relevant authority's virtual school head as soon as possible to help the school decide how to help the child and avoid expulsion becoming necessary. <input type="checkbox"/> Where a previously looked-after child is at risk of expulsion, the designated teacher will speak with the child's parent or guardian and seek advice from their virtual school head. <input type="checkbox"/> Pre-empting that a pupil may commit a disciplinary offence, and thus not allowing a pupil to attend school, is an unlawful exclusion. 	<p>Refer to Covid-19 policy addendums for School Behaviour Policy, Exclusion Policy and Staff Code of Conduct.</p> <p>Refer also to the DfE Checklist for school leaders to support full opening</p> <p>WSS have produced resources to support the schools' workforce to prepare for the return, such as the COVID-19 SEND review guide which settings can use to reflect on their provision and a handbook to support teachers to take a whole school approach to supporting pupils following a traumatic event</p> <p>See school Exclusion Policy and Covid-19 addendum</p>	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Any disciplinary exclusion of a pupil, even for short periods of time, must be consistent with the relevant legislation. This includes sending a pupil home for poor behaviour, whether or not remote education is provided. 'Informal' or 'unofficial' exclusions, such as sending pupils home 'to cool off' for part of the day are unlawful, regardless of whether they occur with the agreement of parents or carers. <input type="checkbox"/> We will be mindful that it is unlawful to punish a child for the actions of their parents and will consider this when applying sanctions. <p>Attendance</p> <ul style="list-style-type: none"> <input type="checkbox"/> School attendance will be mandatory for all pupils from 08/03/21. The usual rules on school attendance will apply, including: <ul style="list-style-type: none"> - parents' duty to secure that their child attends regularly at school where the child is a registered pupil at school and they are of compulsory school age; - the ability to issue sanctions, including fixed penalty notices in line with LA' codes of conduct. <input type="checkbox"/> We are responsible for recording attendance, following up absence and reporting children missing education to the LA. <input type="checkbox"/> Vulnerable children – see above. 	<p>Refer to Improving school attendance: support for schools and local authorities</p> <p>Continue completing the educational status form</p>	
Inadequate arrangements in place for managing off-site visits	High	<ul style="list-style-type: none"> <input type="checkbox"/> The Government advises against educational visits at this time. This advice is kept under review. <input type="checkbox"/> If we have any further questions about our cover or need further reassurance, contact our travel insurance provider. <input type="checkbox"/> Nursery: We will maximise the use of private outdoor space. We can take groups of children on trips to outdoor public places for exercise and do not need to be restricted to limits on gatherings, provided: <ul style="list-style-type: none"> - it is for the purpose education or childcare; - we remain within the EYFS staff child ratios; - we conduct a risk assessment in advance; - the risk assessment demonstrates that we can remain socially distant (2m) from other people and groups, wherever possible; - good hygiene is maintained throughout; - thorough handwashing happens before and after the trip; - the trip is carried out in line with relevant local or national COVID-19 guidance depending on what restrictions are in force on the day of the trip and COVID-19 secure measures on transport and at the destination; - appropriate insurance arrangements are in place. 	Refer to the Association of British Insurers (ABI) travel insurance implications	Low
Inadequate staffing ratios, staff availability and recruitment	High	<p>Ratios and Qualifications</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will undertake an appropriate audit to ensure staffing levels are appropriate. <input type="checkbox"/> The EYFS: disapplications and modifications allows for the temporary disapplying and modifying of a number of requirements within EYFS, giving settings flexibility to respond to changes in workforce availability and potential fluctuations in demand while ensuring children are kept safe. <input type="checkbox"/> It allows further exceptions to be made to the qualification level that staff hold in order to be counted in the ratio requirements. We will use reasonable endeavours to ensure that at least 	Refer to Early Years Foundation Stage Framework and the EYFS: disapplications and modifications for early years provision open during the coronavirus (COVID-19) outbreak	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>half of staff (excluding the manager) hold at least a full and relevant level 2 qualification to meet staff to child ratio requirements, but this is not a legal requirement.</p> <ul style="list-style-type: none"> <input type="checkbox"/> In nursery classes in maintained schools, caring for children aged 3 and over, reasonable endeavours will be used to ensure that at least one member of staff is a school teacher. Where this is not possible, there must be at least one member of staff for every 8 children, with at least one member of staff who holds at least a full and relevant level 3 qualification. We will use our reasonable endeavours to ensure that at least half of other staff hold at least a full and relevant level 2 qualification. <input type="checkbox"/> We have contingency plans in place should staff be absent as a result of Covid-19. Our possible approaches to managing a shortfall in staffing include: <ul style="list-style-type: none"> - We will ensure that appropriate support is made available for pupils with SEND, e.g. by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups. - Where support staff capacity is available, we will consider using this to support catch-up provision or targeted interventions. TAs may also be deployed to lead groups or cover lessons, under the direction and supervision of a qualified, or nominated, teacher. Any redeployments will not be at the expense of supporting pupils with SEND. The Head teacher will be satisfied that the person has the appropriate skills, expertise and experience to carry out the work, and discuss and agree any proposed changes in role or responsibility with the member of staff. This includes ensuring that safe ratios are met, and/or specific training undertaken, for any interventions or care for pupils with complex needs where specific training or specific ratios are required. - We can continue to engage supply teachers and other supply staff during this period including to deliver face to face education to pupils in school and remote education. - Supply staff and other temporary workers can move between schools, but we will minimise the number of visitors to the school where possible. Where it is necessary to use supply staff and peripatetic teachers, they will be expected to comply with our arrangements for managing and minimising risk, including taking particular care to maintain distance from other staff and pupils. - To minimise the numbers of temporary staff in school, we will use longer assignments with supply teachers and agree a minimum number of hours across the academic year (also applies to other temporary staff, peripatetic teachers such sports coaches, and those delivering before and after school clubs). - Volunteers may be used to support the work of the school - they will be properly supported and given appropriate roles. - Mixing of volunteers across groups should be kept to a minimum, and they should remain 2m from pupils and staff where possible. <input type="checkbox"/> All staff are Paediatric First Aid Trained. Training is up to date. <input type="checkbox"/> We will ensure we have adequate and appropriate equipment and facilities to give first aid to any employee who is injured or becomes ill at work; the level of first aid cover provided remains appropriate for our particular work environment and the level of first aid provision necessary in high risk settings is fully maintained. <input type="checkbox"/> Key telephone numbers of all available DSL's/deputies to be available in school. <input type="checkbox"/> Ensure the contact details of the Safeguarding Hub/Early Help Team/LADO are available to all staff on duty. 	<p>Refer to making the best use of teaching assistants.</p> <p>Consider using DfE's and Crown Commercial Service's agency supply deal when hiring agency workers. Get direct support on how to use the deal by emailing supplyteachers@crownccommercial.gov.uk with the school's details & contact details.</p> <p>Refer also to CCC COVID-19 Guidance for Supply Agencies, Head teachers and Supply Staff</p> <p>Where it is not possible to have a DSL or Deputy physically in school, arrangements may be made for the DSL to be contactable via phone or video link if working from home.</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Ensure sufficient competent staff on duty to administer or supervise the administration of medication. Wherever possible, children to self-administer, witnessed by staff. Where not possible (age, SEND etc.) social distancing cannot be maintained – think about how this can be done safely – PPE, vigilant personal hygiene etc. <p>Staff taking leave</p> <ul style="list-style-type: none"> <input type="checkbox"/> Under current UK COVID-19 restrictions, travel, including abroad, is not permitted unless you have a legally permitted reason to do so. It is illegal to travel abroad for holidays and other leisure purposes. <input type="checkbox"/> Staff will need to be available to work in school during term time. We will discuss leave arrangements with staff to inform workforce planning taking into account their individual contractual arrangements. <input type="checkbox"/> There is a risk that where staff travel abroad for a legally permitted reason, their return travel arrangements could be disrupted due to COVID-19 restrictions and they may need to quarantine on their return. Refer to how to self-isolate when you travel. <input type="checkbox"/> Where it is not possible to avoid a member of staff having to quarantine during term time, we will consider if it is possible to temporarily amend working arrangements to enable them to work from home. <input type="checkbox"/> Whilst it remains a decision for individual schools, we will make all staff aware that the LA view is that if staff must travel abroad which then mean they have to quarantine on their return (and this is not within school holiday periods), then this should be treated as unpaid leave. <p>Recruitment</p> <ul style="list-style-type: none"> <input type="checkbox"/> Recruitment will continue as usual. We will continue to adhere to Keeping Children Safe in Education regarding pre-appointment checks. <input type="checkbox"/> We will consider a flexible approach to interviews, with alternative options to face-to-face interviews offered where possible. <input type="checkbox"/> Where face-to-face meetings are arranged, we will make clear that candidates must adhere to the system of controls that we have in place including any requirements to wear face coverings where social distancing cannot be managed safely. 	<p>Alternatively, arrangements may be made with an alternative school to use the expertise of their DSL. Where a trained DSL (or deputy) is not on site, in addition to one of the above options, a senior leader should take responsibility for co-ordinating safeguarding on site.</p> <p>The latest guidance on travel/quarantine can be accessed at Coronavirus Covid-19 safer travel guidance for passengers, How to quarantine when you arrive in England, Coronavirus (COVID-19) testing before you travel to England, Travel Corridors, Booking and staying in a quarantine hotel when you arrive in England, Coronavirus (COVID-19): red list travel ban countries</p> <p>The government's Teaching Vacancies service can help us list vacancies for both permanent and fixed-term teaching staff quickly. Interviewing remotely may be a new experience for many schools. Refer to experience of implementing interviews remotely and attending your first remote interview</p>	
Visiting children in their own homes and contact with Covid-19 virus	High	<ul style="list-style-type: none"> <input type="checkbox"/> Should we have a situation where a child requires a home visit such as in relation to safeguarding concerns or delivery of the EHC Plan to pupils not attending school, we will consider and adhere to guidance issued in Safe working in education, childcare and children's social care settings, including the use of PPE. 	Refer to Home Visits Risk Assessment	Medium
Visitors & spread of Covid-19 virus	High	<p>ALL Visitors</p> <ul style="list-style-type: none"> <input type="checkbox"/> Visitors to the premises will be discouraged and meetings held remotely where possible. Visitors will be by appointment only. <input type="checkbox"/> A record should be kept of all visitors/contractors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace. Create a signing in sheet – with date, times, name, company (where relevant), contact Tel No., where in the building they are going to be for the majority of the time and who they are meeting with (see Model Visitors Form on the KAHSC website). Do not leave a pen available – they should use their own. If a touch screen is used, 		Medium

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>anti-viral wipes must be available along with a bin for disposal. Refer to Maintaining records to support NHS Test & Trace</p> <ul style="list-style-type: none"> <input type="checkbox"/> Site guidance on physical distancing and hygiene should be documented & explained to visitors/contractors on or before arrival - make it clear via a notice on the inner door that all visitors must wash their hands as soon as they enter the building or sanitise their hands. Ensure that any keypads or electronic entry systems are regularly sanitised throughout the day (as above). <input type="checkbox"/> Where possible, limit the areas that visitors/contractors can go in the building and reduce the number of people they come into contact with. <p>External education professionals</p> <ul style="list-style-type: none"> <input type="checkbox"/> In instances where we need to use other essential professionals such as social workers, speech and language therapists or counsellors, or professionals to support delivery of a child's EHC plan, we will assess whether the professionals need to attend in person or can do so virtually. If they need to attend in person, they should closely follow the protective measures in school, wash hands frequently, keep the number of attendances to a minimum, where possible to do so, maintain social distancing. <p>Other Visitors</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will consider how to manage other visitors to the site, including contractors, and ensure that the risks associated with managing contractors, visitors, catering staff and deliveries, as well as cleaning staff on site who may be working throughout the school and across different groups, are addressed. This will require close cooperation between both school and the other relevant employers. We will have discussions with key contractors about the school's control measures and ways of working. <input type="checkbox"/> Access to contractors/external maintenance personnel should be by appointment only and wherever possible, arranged after school, holidays or weekends to reduce contact with others and appropriate hygiene and social distancing arrangements are followed (including in an emergency situation where access is required urgently to undertake maintenance/repair). <p>Parents/Carers</p> <p>New Admissions</p> <ul style="list-style-type: none"> <input type="checkbox"/> If parents and carers are keen to visit in person, we will ensure: <ul style="list-style-type: none"> - ensuring face coverings are worn if required in line with arrangements for staff and other visitors to the setting; - there is regular handwashing, especially before and after the visit; - holding visits after hours. If this is not possible, consider limiting visits to the outside play areas during regular hours, and ensure strict social distancing is observed. <input type="checkbox"/> Prior to a visit, we will ensure that parents and carers are aware: <ul style="list-style-type: none"> - of our 'system of controls'; - how this impacts them and their responsibilities during their visit; - how to maintain social distancing from staff, other visitors, and children other than those in their care. <p>Other visits by parents and carers</p>	<p>Undertake effective liaison with contractors BEFORE they attend site – ask contractors to provide key information in relation to how they are managing infection control (risk assessments) and any control measures we have in place which we expect them to follow will be shared with them either in advance or on immediate arrival. Contractors should be complying with CLC: Site-Operating-Procedures</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p><input type="checkbox"/> In-person visits from parents and carers can take place if they are necessary but we will make use of remote visits wherever possible. We will work with parents and carers to ensure they still have visibility of the childcare environment during this time, including through the use of remote visits, pictures and phone calls.</p> <p>Support Groups for Parents and Children</p> <p><input type="checkbox"/> Support groups, such as for breastfeeding, postnatal, and baby and toddler groups, for the provision of support for parents and their children, that are necessary to deliver in person, can continue with up to 15 participants (children under five are not counted in the number) where formally organised to provide mutual aid, therapy or any other form of support. This includes where parents and carers meet other parents and carers with or without their young children. This would not typically permit parent-and-child groups focused on social or development activities, such as singalong groups or art classes.</p> <p><input type="checkbox"/> It is important for group participants to maintain:</p> <ul style="list-style-type: none"> - Social distancing between adults who do not live together and who are not in the same bubble - Good hand hygiene. Participants should clean their hands as they arrive and as they leave. <p><input type="checkbox"/> In Ofsted registered settings, face coverings should be worn by both staff and adult visitors where social distancing between adults is not possible e.g. when moving around in corridors and communal areas.</p> <p><input type="checkbox"/> Group leaders should ensure:</p> <ul style="list-style-type: none"> - a risk assessment is completed prior to groups and activities taking place; - groups and activities take place separately to areas being used at the same time by registered children attending an Ofsted registered setting; - the areas used are well ventilated (see the section on ventilation); - any rooms used by these groups are cleaned after each use; - a record of all visitors to the setting is kept - Maintaining records to support NHS Test & Trace. <p>Lettings</p> <p><input type="checkbox"/> Where Lettings (private hire) are to take place, our documented Lettings Arrangements/Procedures which include conditions of hire, will be revised to identify any specific rules school expects hirers to follow in light of Covid-19, thinking about, for example (list not exhaustive):</p> <ul style="list-style-type: none"> - ensuring details of those attending each Let is kept by the organiser (for NHS Test & Trace purposes); - potentially restricting numbers if social distancing cannot be adhered to; - where hirers can and can't go (at this time we should probably be putting more restrictions in place – we may need to take changing rooms out of action and ask participants to arrive in their sports kit and go home in it to shower for example; we may need to limit toilet facilities to reduce the amount of cleaning required); - what they can & can't do; - what equipment (if any) they can use etc. 	<p>Further information on specific Covid-19 preventative controls is available in Actions for early years and childcare providers during the coronavirus (COVID-19) outbreak</p> <p>Refer to Maintaining records to support NHS Test & Trace</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> - include cleaning regimes – who is expected to clean premises/ equipment following a Let, particularly if there has been a suspected or confirmed case of Covid-19 during the Let. How do hirers report such a case? - who will provide hand sanitiser, tissues etc. – school or the hirer; - provision of more waste facilities (for tissues etc.); - will there be any necessary changes needed to fire evacuation procedures and assembly points to allow for social distancing? <ul style="list-style-type: none"> <input type="checkbox"/> Where we hire out our premises for use by external wraparound childcare providers, such as after-school or holiday clubs, we will ensure these organisations have considered the relevant government guidance for their sector and put in place protective measures. <input type="checkbox"/> We will check that each organiser has their own suitable Covid-19 risk assessment in place which we are satisfied with. 	<p>Refer to protective measures for holiday clubs and after-school clubs and other out-of-school clubs for children during the coronavirus (COVID-19) outbreak</p>	
Lack of wellbeing management for pupils and families	High	<ul style="list-style-type: none"> <input type="checkbox"/> Some pupils may be experiencing a variety of emotions in response to the coronavirus (COVID-19) outbreak, such as anxiety, stress or low mood. This may particularly be the case for vulnerable children, including those with a social worker and young carers. It is important to contextualise these feelings as normal responses to an abnormal situation. We will consider using pastoral and extra-curricular activities to: <ul style="list-style-type: none"> - support the rebuilding of friendships and social engagement; - address and equip pupils to respond to issues linked to coronavirus (Covid-19); - support pupils with approaches to improving their physical and mental wellbeing including continuing to remain fit and active and, wherever possible, having the 60 minutes of daily physical activity recommended by the Chief Medical Officers. <input type="checkbox"/> We will also provide more focused pastoral support for pupils' individual issues, drawing on external support where necessary and possible. <input type="checkbox"/> Where there is a concern a child is in need or suffering or likely to suffer from harm, we (generally led by the DSL or deputy) will follow our Child Protection Policy and Part 1 of keeping children safe in education and consider any referral to statutory services (and the police) as appropriate. <input type="checkbox"/> We will work with school nurses, where in place to: <ul style="list-style-type: none"> - ensure delivery of the healthy child programme; - identify health and wellbeing needs; - provide support for resilience, mental health and wellbeing including anxiety, bereavement and sleep issues; - support for pupils with additional and complex health needs. <input type="checkbox"/> Staff will need to strike an appropriate balance between reintegrating pupils into a reassuring and familiar work ethic to support their mental wellbeing on the one hand and identifying and taking time to address explicitly individual concerns or problems on the other. <input type="checkbox"/> If parents of pupils with significant risk factors are concerned, we will discuss their concerns and provide reassurance of the measures we are putting in place to reduce the risk in school. We will be clear with parents that pupils of compulsory school age must be in school unless a statutory reason applies. <input type="checkbox"/> If safeguarding issues come to light they will be addressed using the school's Child Protection policy, which may need to be updated. The Senior Leadership Team will consider how they might manage any increase in referrals as pupils return to school. 	<p>Refer to DfE - teaching about mental wellbeing, the DfE/PHE/NHS YouTube webinar and the Wellbeing for Education Return programme</p> <p>The Every interaction matters webinar can help with offering pastoral support for wellbeing</p> <p>Further support & resources can be found at:</p> <ul style="list-style-type: none"> • PHE: supporting children and young people's mental health and wellbeing • Every Mind Matters • MindEd learning platform for professionals • MindEd coronavirus (COVID-19) staff resilience hub • Whole School SEND Resource page • Transition planning for post-year 11 destinations • COVID-19 SEND review guide • A Handbook to support teachers to take a whole school approach to supporting pupils following a traumatic event 	Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
Lack of wellbeing management for staff	High	<ul style="list-style-type: none"> <input type="checkbox"/> We will be conscious of the wellbeing of all staff, including senior leaders themselves, and the need to implement flexible working practices in a way that promotes good work-life balance and supports teachers and leaders. <input type="checkbox"/> Particular regard will be given to ensuring staff who are BAME (Black, Asian and Minority Ethnic) and those with existing health conditions (but do not fall into the category of critically vulnerable) are appropriately supported, given that they may be at increased risk of severe ill-health should they contract Covid-19. <input type="checkbox"/> Workload will be carefully managed and the school will assess whether staff who are having to stay at home due to health conditions are able to support remote education, while others focus on face-to-face provision. This issue will be factored into our resource and curriculum planning and consideration given to where additional resource could be safely brought in if necessary. <input type="checkbox"/> We may need to alter the way in which we deploy staff and use existing staff more flexibly to welcome back all pupils. We will discuss and agree any changes to staff roles with individuals. <input type="checkbox"/> We will monitor the wellbeing of people who are working from home or self-isolating and help them stay connected to the rest of the workforce, especially if the majority of their colleagues are on-site. We will keep in touch with off-site workers on their working arrangements including their welfare, mental and physical health and personal security. <input type="checkbox"/> We will consider how to support the mental wellbeing of our staff who are returning after a significant period of either home working, shielding or furlough. Where work-related issues present themselves, the HSE's published stress Management Standards will be followed. We will also review how we can support employees on broader issues, such as bereavement support and general anxiety about the ongoing situation (for example by signing up for a formal Employee Assistance Programme providing confidential telephone advice and counselling). 	<p>Refer to extra mental health support for pupils and teachers, NHS Every Mind Matters and Wellbeing for education return programme</p> <p>Refer to BAMEed Network guidance for assistance in completing an individual risk assessment before affected staff return to work.</p> <p>Refer to the DfE workload reduction toolkit and case studies to support remote education</p> <p>Refer to template Risk Assessment for staff and students previously shielding or BAME on the KAHSC website</p> <p>Education Support Partnership provides a free helpline for school staff and targeted support for mental health and wellbeing.</p>	Low
Inadequate communications with and training of staff	High	<p>Returning to work</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will ensure all staff understand coronavirus related safety procedures. <input type="checkbox"/> We will provide clear, consistent and regular communication to improve understanding and consistency of ways of working amongst staff. <input type="checkbox"/> We will engage with staff through existing communication routes and staff representatives to explain and agree any changes in working arrangements, including those working from home. <input type="checkbox"/> We will develop communication and training materials for staff prior to returning to site, especially around new procedures for arrival at work. <p>Ongoing communications</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will ensure all staff are kept up to date with how safety measures are being implemented or updated. <input type="checkbox"/> We will ensure ongoing engagement with staff, (including through trades unions or employee representative groups) to monitor and understand any unforeseen impacts of changes to working environments. <input type="checkbox"/> We will promote awareness and focus on the importance of mental health at times of uncertainty (see above). <input type="checkbox"/> We will use simple, clear messaging to explain guidelines using images and clear language, with consideration of groups for which English may not be their first language and those with protected characteristics such as visual impairments. 		Low

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<input type="checkbox"/> We will use visual communications, e.g. whiteboards or signage, to explain safe working practices around the working site to reduce the need for face-to-face communications.		

PART 2 – PREMISES AND MAINTENANCE ISSUES REQUIRED PRIOR AND DURING OPENING

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
Fire and emergencies	High	<ul style="list-style-type: none"> <input type="checkbox"/> Review and where necessary, update the existing school Fire Risk Assessment and Fire Safety Management Policy/Evacuation Plan. <input type="checkbox"/> Ensure adequate provision of fire wardens and update training where zones they normally cover have been altered. <input type="checkbox"/> Ensure there are sufficient trained staff/fire wardens on duty to cover the site to enable sweeps of all areas to be carried out and to ensure full evacuation of the building. <input type="checkbox"/> Assess the suitability of Personal Emergency Evacuation Plans (PEEPs) – especially if working hours are elongated and/or previous role holders are no longer available to continue. <input type="checkbox"/> Consider altered escape routes where children are restricted to certain areas. <input type="checkbox"/> Consider the layout of muster points; more points may need to be created to allow for social distancing and to prevent groups or bubbles mixing – how will the person in charge at each assembly point communicate with the others? How will pupils line up – is marking required? <input type="checkbox"/> Test whether the school's existing system works appropriately in relation to social distancing and the advice not to mix groups or bubbles. <input type="checkbox"/> More frequent drills may be required in the short term as more children and staff return to school to test procedures as they become accustomed to the 'new normal' of Class/Year bubbles, social distancing, being in different classrooms/work areas etc. <input type="checkbox"/> However, it is accepted that during the current pandemic there may be instances where a fire drill involving the entire school may result in the school's planned Covid control measures being compromised; e.g. two separate pupil groups (bubbles) coming briefly into contact due to the available evacuation routes. Therefore our advice is that prior to undertaking a fire drill for the whole school an assessment should be made of the potential risk of this occurring. <input type="checkbox"/> If, as a result of the assessment, the school believes it would be preferable not to undertake a fire drill involving the whole school, steps must be taken to ensure that all pupils and staff are familiar with the escape routes. This could be achieved by individual groups physically walking the escape routes available to them but without resorting to sounding the fire alarm. It is recommended that for each group of pupils both the nearest fire exit and also the next closest alternative escape routes are used for this purpose. In line with normal practice any drill (whether full or conducted partially) should be clearly logged in the School Fire Logbook. <input type="checkbox"/> It must be emphasised that the mitigating approach above is only necessary where there is a distinct possibility that the Covid control measures will be compromised for the purposes of a fire drill. In case of a genuine fire the fire evacuation procedure will take precedence over any Covid control measures; the priority is to ensure that all occupants have left the building and reached the fire assembly point. <input type="checkbox"/> More frequent fire updates will be provided to staff and pupils, particularly where pupils are not being taught in their 'normal classrooms' so that they can familiarise themselves with the nearest fire route and ultimate exit. <input type="checkbox"/> Clarify means of summoning emergency assistance, particularly when operating social distancing. 	<p>Refer to advice on Fire safety in new and existing school buildings</p> <p>Train staff and pupils in the correct procedures in the event of fire emergency – repeat as necessary – monitor via fire drills</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> The use of portable heaters should be avoided where possible. However, where it is necessary to use these ensure suitable controls are implemented and include within the existing Fire Risk Assessment e.g. <ul style="list-style-type: none"> - check that the electrical installation has the capacity to run multiple portable heaters to ensure none of the electrical phases become overloaded; - radiant type heaters must not be used; - the use of naked flame appliances e.g. LPG appliances, must not be permitted under any circumstance; - prior to use all portable heaters must be inspected to ensure that they are correctly maintained; - portable electrical heaters should be subject to a portable appliance test at suitable timescales and display a label; - heaters must be stable and prevented from being knocked over - the base of the heater should be secure (ideally use heaters that have an automatic cut-out so that if the heater is knocked-over the heater will switch-off.) - staff must not be permitted to bring their own portable heaters into the school; - when in use the heater should be connected directly to a fixed wall socket; the use of extension leads and adaptors avoided at all time; - all heating appliances must be kept clear of combustible material and the air flow around the appliance must not be impeded; - heaters must not be used under desks or other furniture; - as far as practicable, heaters should not be left unattended; - heaters should be positioned where they will not cause an obstruction and must not be used within escape routes. <input type="checkbox"/> Propping open doors by any other means other than proprietary hold open devices triggered by the fire alarm is normally not permitted. However, as a temporary measure, all reasonable methods of preventing infection spread may need to be introduced. The risk of a fire starting during the school day when the building is occupied is probably lower than the risk of covid-19 infection spread. If fire doors are held open as a measure to reduce the risk of infection transmission the following will be observed: <ul style="list-style-type: none"> - If fire doors are held open, we will alter our documented and practical procedures to ensure that more staff are appointed to ensure ALL fire doors will be closed by a member of staff using the room or those undertaking sweeps of communal areas in the event of the fire alarm activating. - We will use wedges to hold doors open – these can be easily kicked out should there be an emergency situation. - We will only hold doors open where access through them is required during the day and where the room beyond is occupied. This will reduce the risk of contamination. Rooms which are not being used will have the doors closed at all times. - At the end of each day, ALL fire doors MUST be closed. Wipe down contact points with a proprietary cleaning product ready for the next day. <input type="checkbox"/> We will consider the closing of windows should the fire alarm activate. Because of the need for increased ventilation in the school during the Covid-19 pandemic, there may not be time 	<p>The advice of a competent electrician (registered with an electrical Competent Person Scheme Operator) may need to be sought.</p> <p>Review fire doors appropriate to setting. We will consider installing proprietary hold open devices triggered by the fire alarm as a longer-term objective.</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<p>to close all windows prior to evacuation. This situation is only permissible where to close all the windows would result in increased risk to staff and pupils.</p> <ul style="list-style-type: none"> <input type="checkbox"/> We will review the first aid 'assessment of need' to ensure that it is still sufficient. Based on this, more first aiders may need to be trained to ensure that there is adequate coverage. We will review levels of first aid equipment to ensure that these are still adequate. In particular, consideration will be given to the purchase of additional resuscitation face shields, disposable gloves and aprons. <input type="checkbox"/> Where necessary, staff will undergo induction in the fire and emergency routines and accident/first aid procedures. This may not be the usual routes and normal nominated fire wardens may not be in attendance. Repeat as necessary. 		
Lack of building/ property maintenance – preparing to re-open	High	<p>All routine external and in-house monitoring, testing and inspection should have continued as normal during the last lockdown even if the building was completely closed. If not, it is important that all the usual pre-term building checks are undertaken to make the school safe:</p> <p>Health & Safety Inspections</p> <ul style="list-style-type: none"> <input type="checkbox"/> If the whole school site or buildings have been closed for many weeks, or if parts of the building have been out of use for a long period, undertake a health and safety check of the buildings, grounds and equipment concerned. <input type="checkbox"/> All routine in-house monitoring, testing and inspection to commence / continue as normal. <p>Fire Safety Systems</p> <ul style="list-style-type: none"> <input type="checkbox"/> All relevant fire safety equipment and systems should have continued to be tested even if the building was completely closed during lockdown. If not, all relevant fire safety equipment and systems must be tested before employees and others are allowed back on site. This would typically include: <ul style="list-style-type: none"> - a full functional test of the fire detection and alarm system (using multiple call points across the site and involving the call receiving centre if appropriate); - a full discharge test of the emergency lighting system across the site; - a visual inspection of all fire extinguishers to ensure that they are correctly located, full and not obviously damaged; - checking that fire escape routes are clear of any obstructions; - checking that final fire escape doors are unlocked and operational; - checking the operation of internal fire doors to ensure that they close properly; - checking that automatic fire dampers, smoke venting and smoke extraction systems are operational. <p>Water management – control of Legionella bacteria</p> <ul style="list-style-type: none"> <input type="checkbox"/> Water systems <ul style="list-style-type: none"> - Schools increasing operational capacity or opening should follow their usual water system building management procedures as they would at the end of the summer holidays. - Chlorinating and flushing water systems may not be necessary if the system has remained operational through routine flushing as advised in the cold water systems and 	<p>Refer to the Chartered Institute of Building Services Engineers' guidance on emerging from lockdown</p> <p>Refer to HSE: Legionella Risks during the Coronavirus Outbreak</p> <p>Schools to contact the competent organisation that carried out the last Legionella Risk</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> - rearranging furniture where possible to avoid direct drafts. <input type="checkbox"/> Ventilation in chemical stores should be kept running as normal. <input type="checkbox"/> Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces (see also 'use of portable heaters' above). The Workplace (Health, Safety & Welfare) Regulations 1992 require employers to provide a 'reasonable' temperature in workplaces. The School Premises (England) Regulations 2012 do not specify minimum temperatures for any parts of a school but simply refer back to the Workplace Regulations. The HSE ACOP states 'the temperature in a workplace should normally be at least 16°C. If work involves rigorous physical effort, the temperature should be at least 13°C. <p>Asbestos Containing Materials (ACMs)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Complete a thorough visual inspection of all ACMs prior to reoccupation to confirm that there has been no damage during lockdown/closure. Where any damage to ACMs is observed, the area should be isolated immediately and advice sought from a specialist asbestos management company. <p>Restarting plant and equipment</p> <ul style="list-style-type: none"> <input type="checkbox"/> If plant and equipment has not continued to be used/maintained during lockdown/closure, recommission all systems before opening, as would normally be done after a long holiday period. This includes: <ul style="list-style-type: none"> - gas - heating - water supply - mechanical and electrical systems - catering equipment <input type="checkbox"/> We will establish a clear plan for restarting any equipment that has been taken out of service during lockdown/closure to ensure the safety of those who are undertaking the maintenance as well as protecting the equipment from damage. The restart process may require electrical and mechanical isolations to be reconnected, fluids to be refilled and plant and equipment to be reenergised in a specific sequence or order. Planning should therefore be based on manufacturers' instructions, commonly accepted technical guidance and by making reference to specialist contractors (where required). Ensure that those who are carrying out the work are competent to do so and the work is correctly coordinated between them to avoid risks. <p>Statutory inspections</p> <ul style="list-style-type: none"> <input type="checkbox"/> Whilst the HSE 'recognises the potential challenges when carrying out legal requirements for thorough examination and testing (TE&T) of plant and equipment as a result of additional precautions people need to take to help reduce risk of transmission of coronavirus (Covid-19)' they have stated that 'the law for Lifting Operations and Lifting Equipment Regulations (LOLER) and Pressure Systems Safety Regulations (PSSR)' remain in place. As such, employers must ensure that statutory inspections on lifting equipment (including passenger lifts and stair lifts), pressure systems, fixed electrical systems, PAT, gas appliances, etc are 'in date' prior to the reoccupation of buildings. 	<p>whether it would be feasible to operate the system with fan functions left off or on low during operation. However, this may affect the safety/functionality of the system advice must be sought by a competent person with knowledge of your heating system/site.</p>	

Hazards & Associated Risks	Risk Rating	Control Measures What are we doing now?	Notes/Additional Control Measures What more do we need to explain/do?	Residual Risk
		<ul style="list-style-type: none"> <input type="checkbox"/> Consider whether equipment which has not been used for an extended period of time needs a statutory inspection even if one is not due. For example, where personal lifting equipment has been left in a condition which may have compromised its structural integrity or where a lift needs servicing to ensure it is going to be operated normally and safely. <p>Training and supervision</p> <ul style="list-style-type: none"> <input type="checkbox"/> In returning plant and equipment into full use, we will ensure that employees have retained adequate knowledge to use it safely. As such, it may be necessary to run refresher training for certain items and/or systems. This is particularly relevant to employees who only had limited experience prior to the lockdown. Review the status of any planned periodic refresher training which may have been missed during the lockdown. <input type="checkbox"/> We will ensure that there is adequate supervision of those using plant and equipment, particularly if sites operate for an extended period of time and/or experienced supervisors are not available.
